SECRETARY AND SOLICITOR.—GEORGE BOOTH, Esq., 32, Essex Street, Strand, W.C.

THE ASYLUM was established in the year 1758 for the reception of Orphan Girls from any part of the Kingdom. The Children are admitted between the ages of Seven and Ten. They are brought up in the principles of the Established Church, are instructed for domestic service, and at a proper age are placed with respectable families, where other servants are kept. If they faithfully serve their master or mistress, and produce a testimonial of good behaviour, they are rewarded at the end of their term of service with a Gratuity, and a certificate of their good conduct signed by the Committee.

The AVERAGE NUMBER of CHILDREN ALWAYS IN THE INSTITUTION is ONE HUNDRED & SEVENTY.
MORE THAN 3270 CHILDREN HAVE BEEN ADMITTED.

The COMMITTEE appeal, on behalf of this old-established Institution, for new Subscribers.

The Asylum is open to inspection on Mondays and Thursdays, between the hours of 2 and 4 o'clock. SUBSCRIBERS of not less than £5 5s. in one sum, or 10s. 6d. annually, become Guardians of the Asylum, and are entitled to vote proportionably to the amount subscribed.

THE ELECTIONS TAKE PLACE AT THE CITY TERMINUS HOTEL, CANNON STREET, IN JUNE AND DECEMBER.
FORMS FOR NOMINATING CHILDREN can be obtained at the Office in London, or at the Asylum.

All Communications should be addressed to the Secretary, at the Offices, 32, Essex Street, Strand, W.C.

Nos. 12, 14, & 16, STEPNEY CAUSEWAY, COMMERCIAL ROAD, E.

Patron.

HER ROYAL HIGHNESS THE PRINCESS CHRISTIAN.

M R S. M A R I E H I L T O N .

THE CRÈCHE has now been established 13 years. Its claims on the Christian and benevolent public have been fully established, and many other Institutions have been founded on its model. From eighty to one hundred children (whose ages vary from three weeks to five years) are received at the Crèche daily, thus enabling many poor women to maintain their families, while the benefit to the children is incalculable.

INFIRMARY.—To the Crèche has been added a department for sick children, containing twelve cots. This branch has been established 11 years. Over two hundred cases have been treated during the present year.

INFANT HOME.—This also has arisen out of the work. It was opened in 1884, and was established for the purpose of taking charge of children whose mothers were in Hospitals or Convalescent Homes, also for orphans who have lost one or both parents. It contains forty inmates.

THE LINES, FELTHAM.—This branch has been added, to serve the double purpose of a Training and Convalescent Home, and was generously placed at our disposal by a friend of the Institution at a nominal rent.

FUNDS URGENTLY NEEDED.

SUBSCRIPTIONS OR DONATIONS, to whichever Branch of the Institution may most claim the sympathy of the benevolent donors, will be gratefully received by the Lady Superintendent at the Crèche, or at her residence, Langvold House, Burdett Road, E.

FORM OF BEQUEST.

"I give and bequeath to the Treasurer or Treasurers for the time being of Mrs. HILTON'S CRÈCHE, situate in Stepney Causeway, Commercial Road, E., the sum of £
' to be paid exclusively out of my Personal Estate, free of legacy duty, the same to be applied towards the purposes of the Charity."

“Dr. Barnardo's Homes”

FOR DESTITUTE BOYS AND GIRLS.

President—The Right Hon. the EARL CAIRNS.

Vice-President—The Right Hon. the LORD KINNAIRD.

Treasurer—WILLIAM FOWLER, Esq., M.P., 35, Cornhill, E.C.

Bankers—LONDON AND SOUTH-WESTERN BANK (Bow Branch, E.).

THESE “HOMES,” besides doing a vast amount of general Mission work in the poorest parts of East London, now feed, clothe, and provide a Christian and Industrial Training for 1400 Poor Children, and have since their formation rescued over 5000 Destitute Boys and Girls.

In connection with these Institutions there are **Thirty Cottage Homes for Girls** (forming a village) upon the *Family system*, at Ilford, Essex; a **Home for Little Boys** at Jersey; a **House for Babies** at Hawkhurst, Kent; and **Three large Homes for Boys and Girls** in the East of London. There is also in operation a **Hospital for Sick Children** (containing Thirty-one beds) under skilful professional care; and a **Hotel for Young Workmen** who have left the Homes; whilst a **Labour House for Destitute Youths**, too old to enter the Boys' Home, and a **Servants' Home and Free Register for Older Girls**, have recently been added. An **Emigration Department** with a large **Distributing Home for Boys and Girls** in Ontario, Canada, is also in active operation.

These various “Homes” present some *special features* which distinguish them from all others in the Kingdom, not the least remarkable being that Poor Children are sought for by day and night in the Lodging Houses and other miserable haunts of the Homeless Poor.

Really destitute children *are always eligible, and may be sent to the office at any hour of the day or night*. Other cases not so urgent are, if brought under notice, carefully inquired into, and decided upon as speedily as possible.

Children are admitted irrespective of differences of age, sex, or creed, and in spite of physical disqualifications that frequently lead to their being rejected elsewhere.

No voting or promise of money payments is ever required to obtain admission for a suitable, *i.e.* a destitute case. **There is No Endowment**, and the whole work is dependent solely upon the **Free-will offerings** of the benevolent.

The “Homes” are *always* open to Visitors, except on Saturday afternoon and Sunday; but the best time to see the Boys' Home is between 2.30 and 5 p.m., when the Workshops and Schools are in operation. The Girls' Village can be reached by train from Liverpool Street Station to Ilford, starting about 1.5 p.m. daily.

The Committee earnestly appeal for help from all those who pity destitute children, wherever found. £16 will suffice to maintain one poor boy or girl in the “Homes” for a whole year; £8 will do the same for six months: but any gift, however small, will be

Open to the Clergy and their Lay Relatives.

(For Qualification, see below).

Attention is particularly requested to the following points respecting this Society, as being of special importance to Clergymen and their Lay Relatives desiring to assure their lives:—

1. **SECURITY.**—The security offered by this Society for the due fulfilment of its engagements consists of Funds, amounting to £3,002,005, created from Premiums accumulated at compound interest, together with an Annual Income derived from Premiums and interest on these funds of £333,189. The average rate of interest obtained on the Society's Funds during the financial year 1882-3 was £4 3s. 2d. per cent. The investments comprise Mortgages of Freehold Estates in England and Wales, of long Leaseholds in the cities of London and Westminster, of Rates under Acts of Parliament, and of Life Interests and Reversions; Railway, Gas, and Waterworks Debenture Stocks; and Loans on the Society's Policies within the surrender values.

2. **BONUS.**—This Society being purely mutual has no Proprietors, and consequently no Proprietors' Fund upon which to pay interest. All the Profits are the property of the Assured Members. The total Profits realized and divided since the establishment of the Society amount to £1,619,812, of which £437,347 was distributed at the last Quinquennial Bonus among 7882 Policies. Of these, 1070 were then, by means of Bonus, not only altogether released from the payment of Annual Premiums, but had, in almost every case, additions made to the sums originally assured.

3. **PREMIUMS.**—The Rates of Premium for which assurances may be effected in this Society are less than those charged by the great majority of Life Assurance Offices. One-fifth of the Annual Premium may remain a charge upon the Policy, to be paid wholly or in part at each Quinquennial Division of Profits. Assurances upon life are granted for any amount not exceeding £7500.

4. **MANAGEMENT.**—This Society neither employs Agents nor allows Commission for the introduction of new business. The expenses of management on all accounts were in the past financial year only £3 15s. per cent. of the Total Revenue, and less than £5 16s. per cent. of the Premium Revenue. So that for £5 16s. out of every £100 received for Premiums,—which is very little more than the most moderate allowance paid by other Offices for Commission alone,—the whole business of this Society is conducted.

NO LIABILITY INCURRED BY THE ASSURED.

The business of the Society is chiefly with a class of persons in which the average duration of life is allowed to be beyond that ordinarily found in the community at large. The experience of the duration of Life among the Members has hitherto been very favourable.

STEWART HELDER, *Actuary.*

MATTHEW HODGSON, *Secretary.*

HOW THE POOR LIVE.

BY GEORGE R. SIMS.

With Sixty Illustrations by Frederick Barnard.

THE book is admirably printed and illustrated with sixty woodcuts, by Mr. Frederick Barnard, from sketches taken in the places described. The author of "The Bitter Cry of Outcast London" has made much use of Mr. Sims's articles, and many of the painful facts and remedial suggestions which have lately been prominently brought before the public were anticipated in Mr. Sims's pages. Mr. Sims describes what he has actually seen. He visited the worst dens of London in the company of a School Board officer, "armed with a password," he says, "which the worst of these outcasts have grown at last sulkily to acknowledge." He sketches all the aspects of this gloomy side of London life, its grim humour as well as its deplorable misery. Mr. Barnard's sketches appropriately accompany Mr. Sims's descriptions; and, terrible as both are, there is every reason to believe that they are by no means exaggerated. A most valuable part of Mr. Sims's book is the account he gives of the operations of the School Board.—DAILY NEWS.

POCOCK BROTHERS,

PARIS: 11, RUE DE FLANDRE.

Consists of a series of separate and distinct Cylinders, any diameter and suitable length, made of Waterproof material either for Water or Air, fitting into a case which keeps them side by side, but slightly apart.

Its Advantages over ordinary Water or Air Beds are as follows:—

1. In cost it is less expensive.
2. It is quickly filled and easily adjusted.
3. It is warm and light, and well-adapted for a camp or field-bed, being waterproof.
4. It admits of ventilation in the space between the tubes.
5. It can be regulated so as to relieve pressure from any part required.
6. By the addition of tubes it will raise one part of the body higher than the rest.
7. By the temporary removal of one or two tubes it affords room for the introduction of a bed-pan.
8. It can be inclined to any angle (even when

filled with water), to suit the condition of the patient.

9. It is free from noise and surging, so disagreeable to the invalid on changing his position on a water-bed.

10. In case of injury to a tube it can be withdrawn, and a fresh one substituted at a trifling cost, and without loss of time; whereas the ordinary water-bed if injured in any part (from being in one compartment) is rendered useless.

11. In the treatment of invalids, especially the insane, who are paralyzed, and have no control over their evacuations, they cannot lie in a pool of wet, the fluid passing away between the tubes.

The Royal

Guide to

THE LONDON CHARITIES.

OPINIONS OF THE PRESS.

"ROYAL GUIDE TO THE LONDON CHARITIES.—A welcome and useful guide. It will enable those who use it to test and verify the character of a large number of the 'Appeals' which meet their eyes; for in the compass of some 250 pages it gives a tabulated account of the object and work of every charitable Institution of this great Metropolis. It forms a complete repertory of instruction to those who seek for aid from such Institutions, or who desire to support them. The statements thus tabulated are very brief, but also very comprehensive; and, as the work is corrected yearly by the managers of the several Charities, its contents may be relied upon as being at all events, 'brought down to date.' A book which thus epitomizes the general outlines not merely of such great Charities as Christ's Hospital and St. Thomas's and St. Bartholomew's Hospitals—the latter showing a list of 178,254 recipients of its aid—but also of the smallest Associations for remedying the 'ills which flesh is heir to,' can scarcely fail to prove useful. It may be added that the preface contains many remarks in the way of comment and of counsel. The work is edited by Mr. Herbert Fry, and published by Messrs. Chatto & Windus."—*Times*.

"It is only when we turn to such a list as Mr. Herbert Fry has lately published that we can form a just conception of the vast proportions and infinite variety of Public Charity. Mr. Fry has evidently bestowed much care and industry on the compilation of his catalogue . . . The title of this useful guide sufficiently describes its contents. The book cannot fail to prove of considerable service to the charitable. Those who are not so disposed may be usefully reminded by it of the vast necessities of London, and that the agencies at work to relieve them are for the most part supported by voluntary contributions. Mr. Fry has done this work well. The arrangement of the volume is excellent. The reader who applies to it for information respecting any public or private charity will find no difficulty in obtaining what he seeks."—*Pall Mall Gazette*.

"The Good Samaritan—no uncommon character be it said—who desires to help the sick and the sorry, having insufficient means of his own, may find in the careful pages of Herbert Fry's 'Guide,' when, where, how, and to whom to apply for aid or information."—*Morning Advertiser*.

"On the usefulness of Mr. Herbert Fry's manual it is almost superfluous to dwell. Each person will have his distinct and individual sympathies excited by the records of this wonderful little book; this terrible revelation of the multitudes who are afflicted or distressed, in mind, body, or estate, this practical result of the teaching of Christ, who 'went about doing good'; and each will find the object of those sympathies urged with an eager earnestness which tells how truly men's hearts are set on the alleviation of the lot of their fellows."—*Spectator*.

"We cannot speak too highly of this excellent annual, nor recommend it too strongly to the attention of our readers. We habitually use it, and derive from it much information which is given from time to time in our columns in answer to correspondents. . . . A reference to its pages might prevent deserving appeals from being rejected, and undeserving ones from being so prosperous as they too often are. We have made great use of it, and with much advantage."—*Queen*.

"The book contains a mass of most useful information connected with the numberless charitable Institutions of the metropolis."—*Illustrated London News*.

"A carefully compiled volume, giving a vast amount of information respecting the Charities of the Metropolis."—*Observer*.

"Much labour has evidently been spent on this admirably contrived and exceedingly compact manual. The public will be greatly indebted to Mr. Herbert Fry for the ample range over which his inquiries have extended, and the clear and convenient method in which he has tabulated the results of them."—*Sunday Times*.

"A cheap and handy Guide to the benevolent Institutions of the great Metropolis."—*City Press*.

"Every page supplies matter for thought, reflection, and gratitude. The work is well got up, the contents very easy for reference, and is very cheap."—*Wesleyan Times*.

"We are glad that Mr. Herbert Fry's work is so well and steadily appreciated."—*Nonconformist*.

"The volume is both interesting and useful as a guide to Metropolitan Charities."—*Builder*.

"We are glad to learn that this guide is appreciated; we can quite understand how gladly thousands avail themselves of the information which it gives so concisely."—*Public Opinion*.

"Convenient both in form and arrangement. This handbook will be found extremely useful."—*Weekly Despatch*.

BY HERBERT FRY,

EDITOR OF THE "ROYAL GUIDE TO THE LONDON CHARITIES."

OPINIONS OF THE PRESS.

ATHENÆUM.

"Mr. Herbert Fry has compiled a Guide to London, which is certainly a marvellously cheap book. The bird's-eye views will be a great help to the stranger."

SPECTATOR.

"We are glad to call attention to an excellent guide and handbook, illustrated with bird's-eye views of the principal streets, by Herbert Fry."

DAILY CHRONICLE.

"Mr. Herbert Fry, well known as the compiler of the 'Royal Guide to the London Charities,' has prepared a new handbook to the Metropolis. . . . Starting at Charing Cross, the author follows out a number of routes, and gossips pleasantly of the associations that cluster round the different localities. His work will thus become a cheerful and instructive companion for visitors."

ECHO.

"We commend 'London,' by Herbert Fry, to those who want to find in a small space reliable information about London. Mr. Fry has taken a wide survey, and touches in a pleasant and chatty manner upon everything that can instruct the sightseer."

GRAPHIC.

"The name of its compiler, Herbert Fry, editor of the 'Royal Guide to the London Charities,' guarantees its completeness. The bird's-eye views of the chief thoroughfares are a new feature of streetography and far more useful than maps."

SCOTSMAN.

"The formidable task of describing the metropolis, in all its vast dimensions and multifarious aspects, proceeds on an admirable plan, and is carried out with immense care. Visitors to London could scarcely provide themselves with a better handbook."

BRITISH MAIL.

"This is beyond comparison the best cheap handbook of information about London that has yet been brought out. We do not say this in disparagement of Dickens's Dictionary, which is a work of a different class, its chief value lying in its being a work of occasional reference, whereas Mr. Herbert Fry's Guide is arranged on such a plan that the visitor to London may make himself master of its contents without labour. Besides a map and a number of well-executed views, it contains descriptive matter wonderfully crammed with information, set forth in a pleasantly chatty manner."

"A really excellent guide to London, which contains information about everything worth visiting in the metropolis. A special feature of the volume consists in the capital series of bird's-eye views, which at a glance supply as clear an idea as views can of the topography of London."

EDITOR'S PREFACE

TO THE TWENTY-SECOND ANNUAL EDITION.

Soon after the appearance of my last year's Edition, containing an appeal on behalf of that "lonely Want" which is one of the saddest features of this great Metropolis, there appeared a somewhat similar plaint, under the title of the "Bitter Cry of Outcast London," which drew public attention to woes and miseries usually esteemed commonplace and irremediable. The public conscience has been aroused; a Royal Commission sits to inquire into the Housing of the Poor; a Mansion House Committee—that never-forgotten resource in all kinds of social disasters and difficulties—has been duly constructed; fashionable people of high rank have shown some interest in the question—a few of the more daring have even penetrated into the dismal regions occupied by their less fortunate neighbours, and almost achieved a dining-out reputation by their reports of "Visits to the Slums," as of so many Voyages to the Land of the Gorillas. True, there is nothing very new to discover; the congestion is an old complaint; but as it enlarges under the influence of continually increasing population pouring in upon us from all quarters in search of a livelihood, whenever affairs are not prosperous in the provinces, it grows

obviously to be more dangerous. London, as a whole, instinctively comprehends this, and is proportionately earnest in its efforts to improve its usual condition, by schemes, for emigration to the colonies; for renovating dwellings long ago unfit for human habitation; and for making those persons who are found wanting in their duties, be they landlords, or officials, or public boards, amenable to the law and to public condemnation. Science has long since taught us that pestilence is but the penalty for neglecting the laws of health, and that if we want to keep the social cart out of the slough, we must not only "put our shoulders to the wheel," but level the track in which deep ruts abound. Belgravia is therefore not indifferent to the defects of Whitechapel, and its interest will perhaps be maintained for a short time longer,—then the voice of Outcast London may, unheeded, again go on crying, for Belgravia will find something else to talk about. Royal Commissions will duly report, and this that and the other remedy be proposed, but a dozen Christian men and women working daily amongst the poor and wretched will afford them more real benefit, probably, than Acts of Parliament or of Mansion House are likely to effect.

Many inquire why in this age of accumulated wealth, no London philanthropist attempts to emulate the beneficence of our American friend Peabody; twenty-two years have intervened since that noble-hearted gentleman died and left half a million to the poor workers of London, yet no repetition of such a gift has since been recorded. Why is it that no Thomas Sutton repeats the bequest of Charterhouse, no Thomas Guy builds up new Hospitals, for the ever enlarging population around us? Those old fashioned philanthropists believed that poverty and old age and disease have claims upon the heart of man which it is a blessed thing for him to respond to; and they acted upon

the axiom, "he that giveth to the poor lendeth to the Lord." The later invented idea of modern times seems to be that the duty of charity consists in paying your Poor's Rate with a bitter complaint of its amount, and then waving the receipted form in the face of the next applicant for a charity subscription. The Suttons, the Guys, the Peabodys of to-day have doubtless observed the ridicule with which benefactions have of late been assailed,—in striking contrast with the honours heretofore awarded to public benefactors,—and the result is to be seen in the "few and far between" legacies which reach our Institutions, and the almost entire drying up of the great and princely source of supply which millionaires from time to time might have been reckoned upon to provide.

Not many months after I had uttered a few observations upon this subject in this place last year, there occurred a remarkable instance of the diversion, under modern influences, of the ancient current of charity from the time-honoured channels to the poorest classes in which it used to run. Mr. Holloway died at the end of 1883, leaving a fortune stated in millions; and his only heiress, an elderly lady, his sister-in-law. The charitable benefactions of the deceased amounted to about a million sterling, invested in certain land, handsome and spacious buildings, elegant furniture and fittings, and costly paintings, at Egham, for a Ladies' College; and for a similar edifice to be built at Virginia Water, hard by the College, for the reception and treatment of the insane and convalescent of the middle classes. The idea of these endowments—the public were informed, on what we may suppose competent authority, by letter in the *Times*—originated with the late Mrs. Holloway, "a genial and estimable woman who thought that *the poorer classes had the larger endowed hospitals open to them*; that the rich could take care of themselves, but that those who could

only pay £50 to £100 a year, had nowhere to go;" also she considered that the better education of the middle class of her own sex would be a desirable improvement.

Now, I am not in the least degree inclined to disparage the claims of those who evoked Mr. and Mrs. Holloway's exclusive sympathies,—poverty is becoming a term not positive but comparative;—I will not attempt the invidious task of questioning the wisdom of a donor whose thousands of pounds are being locked up in the form of luxurious buildings, decorated with the most costly specimens of works of art; let every man exercise in such matters his own independent judgment; but I do think it necessary to draw attention to the words, set down in the above explanatory letter and written, as if of a fact indisputably certain and beyond all question: "the poorer classes had the larger endowed hospitals open to them;" balanced by the antithesis, that the wealth of the rich is a similarly perfect provision. I have no fondness for writing letters to the *Times*, as our modern amateur philanthropists have, for my pen is sufficiently occupied in more congenial labour; but I have watched in vain for any challenge of the soundness of the view above set forth of the Holloway theory. Probably it was supposed that the time had gone by for enlightening and converting the legators in this instance; and life is too short for busy men to enter into ineffective explanations. But here, speaking from what may be named my own rostrum, I think it my duty to refer to the subject; for it is manifestly from such loose public statements that the general mass of mankind take their impressions and that men, with money to leave, and hearts to bequeath it generously, are misled and misdirected.

It is surprising that the old idea (current a dozen years ago before the Christian doctrine of charity was overriden and set aside), that the greater endowed hospitals of

London are the inheritance of the poor, still retains its grasp upon the mind of anybody who takes the trouble to see and hear what is going on about us. *St. Thomas's Hospital* everybody knows has long since found it necessary to maintain existence by receiving Paying Patients; *Guy's Hospital* has followed suit by "setting apart a number of beds" for the same class (those whom Mrs. Holloway described as capable of taking care of themselves) and "stopping all gratuitous aid to out-patients," unless to those who produce "a certificate from the Charity Organisation Society of their inability to pay." In other words, the authorities of *Guy's Hospital* have not only allotted forty beds (hitherto given up to the poor) for the use of Paying Patients, but they have withdrawn all medical aid from out-patients, unless such poor people pay "three-pence each time they receive medicines or surgical dressings," or can bring a certificate from the Charity Organisation Society. They plead two reasons for this extraordinary decision—the first being that the agricultural depression has diminished the value of their endowments, and the second that they have been converted to the view of the Charity Organisation Society that "medicine for nothing" is injurious to the morals of the poor. Whether such conversion would have ever taken place had *Guy's* farm-rents maintained their level is doubtful; I am disposed to believe that the master-plea is that of Shakespeare's starving medical representative:—

"My poverty, but not my will consents."

Anyhow, the result of the alteration, which only came into force at the beginning of 1884, is astounding, if the figures officially returned to me—and I have had them certified (subject to an explanation that they have been modified by certain omissions of the smallest items)—are an indication of the extent of the change effected. Last year the number

furnished me by Guy's authorities of Out-patients treated there, amounted to	66,699
this year the number of Out-patients		
is stated at	56,834

a difference of 9,865 Out-patients.

To what precise extent this enormous discrepancy is affected by a difference in the counting of small remedies I am not of course able to say; but the fact remains that a radical change has been made in the administration of the Hospital which, if not large, was not worth making; and which, whether large or small, demands public attention. It is of great consequence to the poor; of almost as much importance to London rate-payers,—and it is a debateable point whether the new arrangement between Guy's Hospital and the Charity Organisation Society is not virtually a transfer of its out-patients to the Society's control, and an abandonment to that extent of the functions of the Hospital governors to an irresponsible self-constituted body never contemplated in the Trust. It must be remembered that this is not the case of a Hospital maintained by Voluntary Subscriptions, and managed by the representatives of its subscribers, who might very properly do what they pleased with their own Institution. Guy's is an ancient foundation,—like St. Thomas's and St. Bartholomew's,—founded for the poor, and maintained by funds especially bequeathed for the poor, and we may reasonably require from the Governors of such Institutions, that they should act by no arbitrary method, nor upon any sudden conversion to convenient doctrines. It is doubtful, nay questionable, whether any Charity Commissioners possess power to legalise such a departure from the plain lines of an ancient Trust as these two changes amount to. The idea of a pauper with a pain in her stomach or a wound in her leg, seeking for the Charity Organisation Society's certificate before she can obtain medical help, is

simply preposterous. Such delay must be equivalent to a denial of help; and my figures prove the fact, if proof be needed.

None can wonder when old endowed Hospitals are reduced to such straits, that those which rely on Voluntary Subscriptions from year to year should be obliged to succumb. Warnings, not a few, have for years been uttered in this place, that neither Hospital Sunday nor Saturday Funds, raised and administered as they have been, were at all likely to maintain Hospitals open as heretofore. The Managers of Unendowed Hospitals, like all other men of business, have to act under the laws of Supply and Demand. If funds be not forthcoming from charitable subscriptions and from legacies,—if the “dead man’s hand,” so long the chief support of our great Charities, is no longer to be reckoned upon for its benefactions,—some other source of income must be sought out or the Hospital doors be closed. The population of London goes on increasing and Hospital expenses enlarging; until now we see for the first time, and at the very moment of the raising the “Bitter Cry of Outcast London,” pauper Out-patients turned away from Hospital doors, and pauper In-patients excluded to make place for those who can pay. Where have those sick paupers gone? To the Infirmary of the Workhouse or to the grave? Anyhow, it can no longer truthfully be said that the Endowed Hospitals of London are the inheritance of the poor. What then? The poor man’s want, though it cannot adequately be dealt with—has indeed never been contemplated by the Poor Law on such grand scale—must in degree be met, and his “bitter cry” heard,—if not by the Endowed Hospital doctor, yet by the Workhouse surgeon; until the Ratepayers—many of whom are scarcely elevated above pauperism themselves—will have to make good the extra expenditure. “The State must see to it,” cry the doctrinaires, as if they did not know that the State in such case is

the Rate-payer. If those meddling gentlemen had to pay all our extra poor rates they would deserve the penalty. They have induced kindly hearted men to button up their pockets. Nemesis commands that they dip into their own funds, if they have any, to make amends for their mischief.

* * * * *

In an article, one of a series contributed by a School Board Teacher, to the *Pall Mall Gazette*, containing some interesting particulars respecting the semi-civilised London children among whom he labours, I read the following sentences:—"Morning after morning I went down to work sick at heart, for I knew that for five solid hours I should have to invent devices for imprinting little words and little arithmetical rules on the memories of half-starved and listless children. If I could give each of the lads a basin of soup in the middle of the day the work would be lighter, but *when a little fellow has that gnawing pain of hunger at the pit of his stomach* the briskest and most animated lessons you can give are not very interesting to him."

The statement above made, after what must have been a most painful experience to the writer, is evidently true, and the wish expressed therein is so obvious, so reasonable, as to commend itself to every human soul and heart. To feed the minds of starving children seems an impossible task; one can scarcely realize the conditions under which it could even be attempted predeterminately, by sane persons possessing an ounce of the "milk of human kindness" in their constitutions. Would it not rather be the act of an "even Christian" to seek out a little food to allay "the gnawing pain"—if but a crust,—surely bread is not very dear?—before administering food for the mind? Have we not heard how the Great Teacher acted under such circumstances?—how He had compassion on the multitudes who had come to Him to be taught; and "would not send them away fasting, lest they faint by the

way." Religion, reason, common humanity, all dictate but one and the same effort; and there would spring up, as a matter of course, in any humane mind, the question put of old, "Whence shall we buy bread, that these may eat?" But simple as this suggestion seems, this is not the method adopted and deliberately followed out by the modern school of philanthropy. "It seems," observed the *Pall Mall Gazette*, shortly after the publication of the above, and in a deferential tone, such as to indicate that any doubts about opinions pronounced upon such authority would be equivalent to infidelity—"it seems that the best-informed philanthropists see grave objections to giving poor school children free dinners or breakfasts. . . . Private charity spent on such an object might perhaps do more harm than good, but Miss Octavia Hill would not, we expect, deny that meat and clothing given to the children would be better than the usual doles provided out of the trusts for the benefit of the local poor." Which sentence I can only comprehend as meaning—If the new Philanthropy (!) forbids any form of private charity, well and good,—we will keep our money in our pockets; but please may not "the children of Whitechapel, whose attendance at school is interfered with for want of these necessities" (necessaries?), "be provided with meals and clothing out of the local funds of Whitechapel, as proposed by the London School Board?" But a disciple of the No-give school, as if in reply, decisively condemns the proposal: "I would rather the Trust were absorbed in the National Debt" than used to feed the children. "The kind people," adds this stoic, "who would give poor children food would take from them the strength of their virtue. . . . The best use which can be made of old charity trusts is to use those funds in developing the tastes and raising the hopes of the poor," etc. To all which I make but this, the mildest response indignation permits me: "If children are not fed,

their first natural 'taste' or craving is denied; and neither 'taste' nor 'hope' can be cultivated except upon a fair bread-and-butter foundation." As regards developing the tastes and the domestic virtues of the parents at the expense of those gnawing pains of stomach to be endured by the children, which make honest men instructing them "sick at heart," I make most solemn protest and demurrer. I have no objection to add that, I think, it is to the up-coming gradually educated generation we shall best appeal upon points of "taste" with any chance of success; especially if their instruction be associated, not with gnawing pains during five-hour lessons, but with kindly words, and proofs as positive as soup and bread can supply, that no boy or girl of British birth shall starve in this Christian country, either in body or mind. As to whether the Kyrle Society or any other praiseworthy association can convert untidiness into neatness, and love of drink into love of pictures and flowers, I must reckon of secondary importance,—though it is to be hoped I value these conversions as highly as they deserve.

It ought not to be impossible so to arrange for the feeding of the school children that the parents, whenever able, shall be made to pay for it. We do not wait nowadays for a father to be capable of paying for the support of his criminal son in a Reformatory, but we place the lad there, and inflict the charge for his keep when we can; we do not wait until the selfish grown-up children of a poor old worn-out father or mother have been converted to æsthetics, before we provide for their hunger, but we house the destitute first, and then proceed to find those who are responsible, but who are neglectful of the claims of natural affection upon their hearts. Parents who withhold sustenance from their offspring are punishable, unless they can show themselves unable to supply it; if they be unable, the parish must come to

their aid. This is but the very A B C of our Relief System ; but the Poor-Law has not yet learnt to co-operate with the School Board, else it might alleviate some of those “gnawing pains at the pit of the children’s stomachs” which make teachers sick at heart, and too often lay prostrate our Tiny Tims in death before they have learnt any other lesson than that the world is too hard for them to exist in. They need bread, and we give them five-hour lessons ; they want soup, and some of us would lecture them on the beauty of pictures and flowers. Is there no Miss Browning, no Dickens of to-day, to bring the full force of poetic sympathy, of keen but kindly satire, into play on behalf of these poor young and helpless beings of our own flesh and blood ?

“ They look up with their pale and sunken faces,
 And their look is dread to see,
 For they mind you of their angels in high places
 With eyes turned on Deity,
 They know the grief of man, without its wisdom ;
 They sink in man’s despair, without its calm,
 Are slaves, without the liberty of Christdom,
 Are martyrs, by the pang without the palm.”

Again I render my thanks to my good friends of many years, the Committees and officials who have kindly furnished the returns of annual receipts and expenditure to be posted into the columns of this Guide ; and in addition I beg to express my gratitude for some highly encouraging letters received from persons quite unknown to me, expressive of their strong sympathy with the opinions expressed on “lonely want in London” in my last year’s Preface.

I have the honour to subscribe myself

The Public’s humble Servant,

HERBERT FRY.

and the relief it affords both to human beings and dumb animals is incalculable.

The total number of Troughs and Fountains now (December, 1883) erected, and at work in the Metropolis, is as follows: **527 Troughs** for animals, and **520 Fountains** for human beings, at which multitudes of men, women, and children, horses, oxen, sheep, and dogs, quench their thirst daily, amounting in the aggregate to probably not less than the enormous total of **250,000,000** drinkers in a year.

The Committee earnestly solicit liberal Contributions in support of this simple scheme for the amelioration of animal suffering and the promotion of habits of temperance amongst our itinerant and working population.

"I give and bequeath the sum of _____, to be paid out of such parts of my Persona Estate as can be lawfully applied for that purpose, unto the Treasurer for the time being of a Society called or known by the name of 'The Metropolitan Drinking Fountain and Cattle Trough Association,' to be at the disposal of the Committee for the time being of the said Society."

Society

FOR THE

PREVENTION OF CRUELTY TO ANIMALS.

105, JERMYN STREET, ST. JAMES'S, S.W.

Patrons.

HER MOST GRACIOUS MAJESTY THE QUEEN.

THEIR ROYAL HIGHNESSES THE PRINCE AND PRINCESS OF WALES.

President.

THE RIGHT HON. LORD ABERDARE.

Treasurer.—R. RUTHVEN PYM, Esq. | Bankers.—COUTTS & Co., Strand, London.

Upon this Institution, founded in 1824 (the only one having for its object the protection of dumb and defenceless animals), rests a heavy responsibility. It is earnestly and respectfully submitted, that it has in consequence a strong claim upon the benevolence of the humane and charitable.

The Committee respectfully appeal to the Public to extend a hearty assistance,—

- I. By supplying early information to the Secretary of all acts of cruelty that have been witnessed.
- II. By increasing the revenue of the Society by annual subscriptions, by donations, by testamentary gifts, and particularly by inducing their friends to become members.

Trained Officers are despatched to all parts of the Kingdom.

The increased operations of the Society have drawn from the funds an amount vastly exceeding the yearly subscriptions. The Committee need much greater assistance, and unless such additional support be extended to them, this most righteous cause of humanity must suffer from insufficiency of means to carry out those many urgent measures which every well-wisher of this Society has so deeply at heart. Remittances may be forwarded to

JOHN COLAM, *Secretary.*

SUPPORTED ONLY BY VOLUNTARY CONTRIBUTIONS.

The labour of other Charities is divided among many Associations; but this Charity stands alone—the Defender of the defenceless—without any assistant.

FORM OF BEQUEST.

Benevolent individuals who may be inclined to become benefactors by Will to this Society are earnestly desired to use the following form:—

“I give and bequeath the sum of _____, to be paid, free of Legacy Duty, out of such part of my Personal Estate as can be lawfully applied for that purpose unto the Treasurer for the time being of a Society called or known by the name of THE ROYAL SOCIETY FOR THE PREVENTION OF CRUELTY TO ANIMALS, established 1824; to be at the disposal of the Committee for the time being of the said Society.”

President.—THE EARL OF ONSLOW.

Treasurer.—CHARLES EDMUND NUGENT, Esq.

THE HOME FOR LOST AND STARVING DOGS was instituted in 1860 to restore lost dogs to their owners, and to find suitable homes for those without owners. During the past year 14,687 dogs were brought to the Home by the Police; of these a large proportion were either restored to their former owners or sent to new homes. The lives of those only for which homes could not be found were taken. The possibility of any dog being removed from the Home by the agents of vivisection for physiological experiments is fully guarded against.

THE CATS' HOME AND BOARDING-HOUSE DEPARTMENT, recently established (1883), is designed for the reception of ownerless and starving cats rescued from their life of misery and suffering; and also to afford, at a moderate charge, board and lodging for the cats of persons leaving their homes for awhile and desirous of shielding *poor puss* from the sufferings that might ensue during the owner's absence, when they are too often left in the charge of indifferent caretakers.

In view of the cost of the provisions made for receiving cats as well as dogs, Mr. Barlow Kennett, to whose benevolence the Institution is largely indebted, has generously offered to give to these Homes the further donation of £500, on condition that other sums be received to the amount of £1000 within a limited period. The Committee earnestly appeal to the benevolent to enable them to obtain Mr. Kennett's proffered donation, and also to give liberal support in permanent aid of the work of compassion and mercy carried on by this Charity.

A Lethal Chamber for the more humane destruction of dogs and cats is now in course of erection, which will cost the Committee a large sum of money.

SUBSCRIPTIONS and DONATIONS will be thankfully received by the London and Westminster Bank, St. James's Square, S.W., or at the Home by

J. CHARLES COLAM, *Secretary*.

THE OBJECT OF THIS FUND is to give an annuity of £15 to Superannuated *Trained* Hospital and Surgical Nurses. Generally speaking, their wages are too low—10s. 6d. a week on an average—to enable them, with the utmost care, to lay by enough to maintain them in old age, and it is a melancholy fact that many of them, after a life of usefulness and self-denial, end their days in a workhouse. On the other hand, it is very desirable that their wages should be moderate, so as not to preclude their being employed by persons of small income, who can ill afford to pay the guinea a week to the Institutions which supply trained Nurses, the Nurse herself only receiving half that sum. The nature of their employment is such, that, to use Miss Nightingale's words, "they grow into fitness for it, and out of fitness for any other work;" while at the same time they are constantly exposed to great mental and physical fatigue and anxiety, the risk of infection and vitiated air, which rapidly wears them out, and it is a painful fact that the mortality amongst the Nurses in the fifteen largest metropolitan hospitals exceeds the ordinary mortality of the female population of London in the ratio of 40 per cent., consequent solely on the risks attaching to the vocation of nursing.

The sum of £2680 is invested; but *as only the interest of this capital can be devoted to the purposes of the Fund*, a larger principal is required to enable the Council to extend its sphere of usefulness; and they therefore earnestly commend this Fund to the attention of the public. At present they are obliged to refuse aid to most deserving and distressing cases.

SUBSCRIPTIONS or DONATIONS will be thankfully received by Messrs. COUTTS & Co., 59, Strand; Lady BLOOMFIELD, Shrivenham House, Shrivenham, Berks; and R. GOFTON-SALMOND, Esq., Hon. Secretary, 73, Cheapside, E.C., who will also gladly furnish any information.

ST. BARTHOLOMEW'S HOSPITAL,

SMITHFIELD, E.C.

Founded by Rayhere in 1123. Refounded by Henry VIII. in 1546.

President.

HIS ROYAL HIGHNESS THE PRINCE OF WALES, K.G.

Treasurer.—SIR SYDNEY H. WATERLOW, BART.

THIS HOSPITAL, one of the most ancient Charitable Institutions of Great Britain, and the oldest extant of the London Charities, is situated in the very centre of our vast metropolis. Its immediate vicinity, on all sides, is the location chiefly of the industrial and poorer classes—the very ones most subject to surgical casualties, and to need the aid of an Institution devoted to the medical relief of the suffering poor.

The Hospital has 676 BEDS; of these about 400 are allotted to Surgical cases. Besides a staff of the most eminent Visiting Physicians and Surgeons, comprising four Physicians, four Assistant-Physicians, five Surgeons, five Assistant-Surgeons, two Ophthalmic Surgeons, an Aural Surgeon, a Physician-Accoucheur, and an Assistant Physician-Accoucheur, there are resident within the Hospital, and in constant attendance, four House-Physicians, five House-Surgeons, an Obstetric Assistant, an Ophthalmic House-Surgeon, and two Administrators of Anæsthetics. Upwards of One Hundred Nurses are retained, and each Ward, of which there are 27, is presided over by a "Sister."

ACCIDENTS AND OTHER URGENT CASES are admitted at any time, day or night, without previous recommendation. ORDINARY CASES of disease are admitted any morning between 9 and 10 o'clock.

The average number of cases annually treated is about 6000 In-Patients and upwards of 100,000 Out-Patients.

The Income of the Hospital, chiefly derived from rents and funded property, *fostered by benevolent bequests*, is about £50,000.

Attached to the Hospital, and maintained out of its funds, is a CONVALESCENT HOME, for the accommodation of 34 male patients, at Lauderdale House, Highgate.

There is also a SAMARITAN FUND attached to the Hospital, formed by the voluntary contributions of individual Governors and other charitable persons, for granting pecuniary assistance, surgical appliances, and other aid to convalescents on their leaving.

There is a MEDICAL SCHOOL connected with this Hospital which has long been one of the most famous in Europe; and its THEATRES, MUSEUMS, LIBRARIES, etc., are further very valuable features of this Institution. There is also within the walls of the Hospital a COLLEGIATE ESTABLISHMENT for about 40 resident Students.

GUY'S HOSPITAL,

Founded in 1721, by THOMAS GUY, an eminent Bookseller.

President.—H. H. GIBBS, Esq.

Treasurer.

EDWARD H. LUSHINGTON, Esq.

Superintendent.

JOHN CHARLES STEELE, M.D.

THIS HOSPITAL has long held a prominent position among the philanthropic Institutions in this country, both in respect to the great scope of the Charity it dispenses as a hospital, and as one of the first Schools of Medicine in Europe. Some idea of the magnitude of its benevolent work may be gathered from the fact that each year it receives into its wards about 5000 In-Patients, and affords Medical Relief to upwards of 60,000 Out-Patients, including about 23,000 minor accidents and urgent surgery cases, and 2500 Lying-in Women, who were attended to at their own homes.

The Hospital was founded for the reception of 400 Patients, but having been enlarged through the aid of a munificent Bequest from the late WILLIAM HUNT, it now contains 600 Beds; an additional Wing having been constructed accommodating 200 more patients. The Hospital buildings form an extensive and handsome range, and, with the large airing-grounds attached, occupy an area of about six acres. The administration of its affairs is under the care of Sixty Governors; the Treasurer being the general Acting Manager, and having the especial direction of the Medical School. THE ANNUAL INCOME is about £35,000, of which £30,000 are available for Hospital purposes.

THE SCHOOL DEPARTMENT comprises Two Theatres, Anatomical, Pathological, and Comparative Anatomy Museums, *Materia Medica* Museum, Model-room, Dissecting-room, Electrifying-room, Chemical Laboratories, Library, and every appurtenance that modern Science has devised for Medical Institutions of the first magnitude. There is also a Chapel for the Students and Inmates, in which Service is held on Sunday and Week-days.

The number of Students is 300, of whom about 60 are employed in some capacity within the Hospital, and eight are Resident.

The ordinary MEDICAL STAFF consists of four Physicians and four Assistant-Physicians for general Medical Cases; two Obstetric Physicians; four Surgeons, and four Assistant-Surgeons for general Surgical Cases; also Ophthalmic, Dental, and Aural Surgeons; besides other Professors not engaged in the care of Patients, who assist as Lecturers and Demonstrators in the School of Medicine.

The regulations for the admission of Patients are as follows:—

ACCIDENTS and URGENT CASES are admitted at all hours.

ORDINARY CASES are received on Wednesdays, from 9 to 10 o'clock.

OUT-PATIENTS are required to attend betwixt 11 and 12 o'clock.

PHYSICIANS' PATIENTS, on Mondays, Wednesdays, and Fridays.

SURGEONS' PATIENTS, on Mondays, Wednesdays, Thursdays, and Saturdays.

DISEASES OF WOMEN, on Thursdays and Saturdays.

DISEASES OF THE EYE on Tuesdays and Fridays.

DISEASES OF THE EAR on Tuesdays.

DISEASES OF THE SKIN on Tuesdays.

No Recommendation is needed for admission to this Hospital. Sickness allied to Poverty is an all-sufficient qualification.

FREDERICK WALKER, Esq.

THIS HOSPITAL, founded by Richard, Prior of Bermondsey, in the year 1213, for Converts and Poor Children, and remodelled in 1215 for Canons regular, was purchased by the Citizens of London in 1544, and opened for the reception of Patients in November, 1552, under Charter from the Crown. The Hospital remained on its first site in the Borough of Southwark, near to London Bridge, until the year 1862, when, the South-Eastern Railway Company having obtained possession of the premises, it was removed to a temporary location at Newington, Surrey. The new Hospital Buildings, opened by Her Majesty on the 21st June, 1871, have been erected upon the most approved principles at very great cost. They are arranged for about 600 Beds, but in consequence of the insufficiency of the income of the Hospital, five wards, containing 140 Beds, have been closed.

The Gross Income of the Hospital, chiefly derived from Rents, aided by Donations, is about £44,000; but from this a large deduction has to be made for defraying a portion of the cost of the new Hospital, and for charges and expenditure connected with landed property, leaving only about £36,000 for Hospital purposes, a sum quite inadequate to the great and pressing demands for admission to this National Institution.

Governors have the privilege of recommending Patients, but No recommendation is requisite to secure admission for fit and deserving cases.

Accidents are admitted at all hours.

THE MEDICAL AND SURGICAL STAFF CONSISTS OF—

4 Physicians, with 3 Assistant-Physicians; 4 Surgeons, with 3 Assistant Surgeons; 1 Obstetric Physician, with 1 Assistant Obstetric Physician; 1 Ophthalmic Surgeon; 1 Surgeon-Dentist; 1 Resident Assistant-Physician; 1 Resident Assistant-Surgeon; 1 Resident Accoucheur; 2 Resident House Physicians; 2 Resident House-Surgeons; and a large staff of Dressers, Clinical Clerks, and other Junior Officers.

The MEDICAL SCHOOL attached to the Hospital is one of the oldest and most renowned in existence.

There is a SAMARITAN SOCIETY connected with the Hospital, supported by the Voluntary Subscriptions of the Governors, for the Relief of Poor Destitute Patients, by sending them to the Royal Sea-bathing Infirmary at Margate and various Convalescent Institutions, besides supplying Clothing, Surgical Instruments, and the means of reaching their homes upon discharge from the Hospital.

ALBERT EMBANKMENT, WESTMINSTER BRIDGE, S.E.

Treasurer.—DAVID HENRY STONE, Esq., ALDERMAN.

Resident Medical Officer.—DR. EDMUNDS.

Steward.—FREDERICK WALKER, Esq.

THIS HOME has been established for the reception of such persons as desire to avail themselves of the special advantages afforded by ST. THOMAS'S HOSPITAL, and who are able and willing to bear the *whole expense* which the treatment of their case involves.

THE TERMS OF ADMISSION

ARE AS FOLLOW:—

1. The minimum charge for Board, Medicine, Nursing, and Medical Attendance in the Home is at the rate of Eight Shillings a day, payable to the Steward of St. Thomas's Hospital weekly in advance. Patients will be charged only for the number of days they shall have remained in the Home.
2. The Treasurer and House Committee of St. Thomas's Hospital may determine the Patient's term in the Home by a week's notice, or less if necessary, upon a certificate by the Resident Medical Officer of the Home that the Patient is in a condition to be removed.
3. For ordinary Medical and Surgical treatment the Patients are to be under the exclusive professional charge of the Resident Medical Officer of the Home; but they may, at their own expense, and subject to the rules of the establishment, employ any legally qualified Medical or Surgical Practitioner whom they may think proper as consultant with the said Resident Medical Officer, under the ordinary usages of consultation.
4. The Patients must in all respects conform to the regulations from time to time prescribed by the Treasurer and House Committee of the Hospital, for the due government and management of the Home, and all matters incidental to their position as Patients therein and removal therefrom.

A Form of Application for Admission under these regulations may be obtained on application, either personally or by letter, to the Resident Medical Officer of the Home, who can be seen daily at 12 o'clock, or to the Steward, St. Thomas's Hospital, Albert Embankment, S.E.

THE LONDON HOSPITAL,

WHITECHAPEL ROAD, E.

President.—H.R.H. THE DUKE OF CAMBRIDGE, K.G.

Treasurer.—HENRY HUCKS GIBBS, Esq.

THE LONDON HOSPITAL appeals for help on the following grounds:—It maintains 790 beds, and, being the only large general Hospital for the Eastern division of the Metropolis and the vast Suburbs adjacent, its resources are constantly taxed to the utmost. Its importance to the Public is shown by the ACCIDENTS received being more numerous than those at any three other large Metropolitan Hospitals combined. *It is virtually a free hospital, devoted to the service of the public; nearly three-fourths of the In-patients being admitted without a Subscriber's recommendation.*

No urgent case is ever refused admission.

The Hospital being situated amidst an enormous population of the poorest classes, who can contribute but slightly to its support, is principally dependent upon the liberality of the general Public, who are therefore urgently solicited for Contributions. Annual Subscriptions especially are asked for, as constituting a reliable source of Income. The yearly cost of maintenance is nearly £47,000, but the funded and other property of the Institution produce only £14,300 a year, and thus over £32,000 a year is required in addition to maintain the Hospital efficiently, although economy is carefully studied.

The following figures will shew the value of this Institution in the treatment of accident and disease:

SAMARITAN SOCIETY, LONDON HOSPITAL, WHITECHAPEL ROAD, E.

INSTITUTED 1791.

Patron—His Royal Highness The DUKE OF CAMBRIDGE, K.G.

Treasurer—THOMAS FOWELL BUXTON, Esq.

THIS SOCIETY was instituted as an appendage to the London Hospital, and has far exceeded in extent and efficiency the expectations of those who first sketched out its plan of operation. It would be impossible in a brief statement to enter into a detailed account of its great usefulness.

Domestic Servants, Mechanics, and Labourers, who, through sickness or accident, have been obliged to quit their places to go into the Hospital, and, on being discharged, have no home to go to, or friends to receive them, are either sent to a Convalescent Institution or receive seasonable assistance.

Many Patients, who, previously to their admission into the Hospital, have pawned or sold their furniture, clothes, or tools, have, upon leaving, been assisted in such a manner that they have been enabled again to gain a livelihood; others have had assistance for their families during their stay in the Hospital.

In cases of amputation of limbs, the benefits resulting from the operations have been rendered more complete by supply of wooden legs, etc.

A great number of Patients are received into the London Hospital suffering from Hernia, and none are allowed to leave without being supplied with a truss.

The expenses of a Samaritan Society are comparatively small. Perhaps no plan of Charity can be devised so well calculated to afford, with a small sum, such extensive and substantial relief.

During the past year, 857 Patients were sent to Convalescent Homes, 420 were supplied with mechanical aids, 37 were sent to their respective homes, 1596 destitute Patients were otherwise relieved, and 92 were supplied with meat and wine who had been attended at their own homes by the resident accoucheur.

An earnest appeal is made for Contributions in aid of this excellent Charity.

A DONATION of not less than Five Guineas in one sum confers the privileges of a Member for Life. The like privileges are conferred on Executors of Wills upon payment of bequests of not less than £50.

AN ANNUAL PAYMENT of not less than One Guinea confers the privileges of a Member, but only during the continuance of the subscription.

Left-off wearing apparel of all kinds will be thankfully received. The possession of such frequently enables the Committee to send destitute patients recovering from illness to Homes or Convalescent Hospitals, without encroachment on the funds in the purchase of proper clothing for them. Fifty-two parcels were received last year.

THE WEEKLY BOARD OF GOVERNORS earnestly solicit the SUCCOUR of the public to the support of this old-established Hospital, which contains 310 beds. 32 beds are devoted to the Cancer establishment, instituted in 1792, where the patient is allowed to remain "until relieved by art or released by death." Eight beds are appropriated to women suffering from diseases peculiar to their sex. The other 270 beds are occupied by patients afflicted with the various medical and surgical diseases and accidents to which the poor and labouring classes are subject.

2638 In-Patients, and 32,302 Out-door Patients were relieved last year, including 599 Lying-in Women, who were attended at their own homes.

THE INCOME FROM ALL THE SOURCES OF THE CHARITY IS
QUITE INADEQUATE FOR ITS MAINTENANCE.

A SUBSCRIPTION OF THREE GUINEAS CONSTITUTES AN ANNUAL GOVERNOR, THIRTY GUINEAS A GOVERNOR FOR LIFE.

ROYAL FREE HOSPITAL,

GRAY'S
INN ROAD,
LONDON,
W.C.

THIS HOSPITAL was founded in 1828 on the principle of *free* and unrestricted admission of the Sick Poor; poverty and suffering being the only passports required. Having no endowment, it is ENTIRELY DEPENDENT FOR SUPPORT ON THE SUBSCRIPTIONS OF ITS GOVERNORS AND THE VOLUNTARY DONATIONS AND REQUESTS OF ITS FRIENDS.

The Hospital, which has recently been entirely rebuilt on the most modern principles of Hospital construction, now contains 150 beds. It admits into its wards about 1800 poor sick persons annually, besides administering advice and medicine to nearly 30,000 out-patients, who resort to it, not only from the crowded courts and alleys in its immediate neighbourhood, but from all parts of London and the suburban districts. The relief thus afforded is effected at a cost of about £10,000 per annum, while the income of the Charity from annual subscriptions and other sources is not more than £2000; so that the large balance of about £8000 has to be raised by means of constant APPEALS TO THE PUBLIC BENEVOLENCE.

Punch thus bears testimony to the good work effected by this Hospital:—

"THE ROYAL FREE HOSPITAL is not more free than welcome as a charitable helping-place to thousands of our poor. When first it was started, not a Hospital in London was ever freely open—as in Charity all should be, to such sick folk as the Royal Free was founded specially to succour. In this really useful Hospital, so long as there are funds unspent, and sleeping wards unfilled, any poor sick persons may come to them and fill them: and they need not lose their little strength by hunting up subscribers to send them 'Open Sesame' in an admission ticket. Think what suffering is succoured by a Charity like this! Think that, but for Heaven's mercy, you yourself, O Cræsus! might haply there become a suppliant. Remember, there's no shamming in the sick ward of a hospital. Shut your hands against sham sick folk as close as you can clench; but be royally free-handed to the Royal Free, and be sure that you do good with every shilling that you give to it."

Subscriptions, Donations, and Legacies are kindly received by the Treasurer, E. MASTERMAN, Esq., 27, Clement's Lane, E.C.; Messrs. BROWN, JANSON, & Co.; BARCLAY, BEVAN, & Co.; COUTTS & Co.; DRUMMOND & Co.; HERRIES & Co.; PRESCOTT, GROTE, & Co.; RANSOM & Co.; SMITH, PAYNE, & SMITH; WILLIAMS, DEACON, & Co.; NISBET & Co.; and at the Hospital, by,

KING'S COLLEGE HOSPITAL,

PORTUGAL STREET, LINCOLN'S-INN FIELDS, W.C.

FOUNDED 1839.

FREE TO ALL AND UNENDOWED.

PATRON.

HER MAJESTY THE QUEEN.

President.

HIS ROYAL HIGHNESS THE DUKE OF CAMBRIDGE, K.G.

Treasurer.—CHARLES HOARE, Esq. | Chairman.—LORD FRANCIS HERVEY.

Secretary.—EDWARD ALMACK.

THIS HOSPITAL stands in the midst of the densely crowded district lying between Holborn and the Strand, and therefore in the very heart of the metropolis.

The immediately surrounding parishes, with their 450,000 inhabitants, have no other general Hospital within their limits.

It receives Patients in large numbers from all parts of London, from the suburban districts, and from every part of England.

Though the Governors and Subscribers of the Hospital have the privilege of recommending Patients, both In and Out, the Institution is, to all intents and purposes, a Free Hospital.

Two Thousand In-Patients and 20,000 Out-Patients are treated annually.

The entire cost of conducting the Hospital cannot be put down at less than £15,000 per annum. To meet this regular expenditure, the Committee have only annual subscriptions to the amount of about £2000, and income from funded property and other sources of £1800; so that they are obliged to depend for making up the deficiency (except so far as they are assisted by casual Legacies) upon extraneous aid.

The Committee are compelled to appeal to those benevolent persons who feel that Hospitals have claims to support irrespective of neighbourhood; *that of all charities they are the most needed and the least liable to abuse*; that they are essential to the art of healing; and that they are also centres of religious instruction and spiritual consolation, of which it is difficult to exaggerate the importance.

A Subscription of £3 3s. annually, or a Donation of £31 10s. paid in one sum, or by three successive annual instalments, constitutes a "Governor." A Subscription of £1 1s. annually, or a Donation of £10 10s., constitutes a "Subscriber."

One Bed in the Hospital has been endowed, and a Cot is maintained by a sum collected annually by two children.

SUBSCRIPTIONS AND DONATIONS *will be thankfully received by the Treasurer, CHARLES HOARE, Esq., 37, Fleet Street, E.C.; by MESSRS. TWINING, Bankers to the Hospital, 215, Strand, W.C.; at the Hospital, by EDWARD ALMACK, Esq., Secretary; and by the Collector, Mr. HENRY S. WOOD, 114, Chancery Lane, W.C.*

FORM OF LEGACY.

"I give and bequeath to the Treasurer, for the time being, of 'KING'S COLLEGE HOSPITAL,' London, the sum of * to be paid, free of Legacy Duty, out of such part of my Personal Estate as I may lawfully bequeath to charitable purposes, the said sum to be applied in and towards carrying on the benevolent objects of the said Hospital."

* The sum to be expressed in words at length.

As the population of London increases every year by many thousands, it is evident that the demand for Hospital accommodation must also in proportion grow larger, and must compel a gradual increase in the number of Metropolitan Hospitals. A continually growing need of this kind led to the establishment in 1856 of THE GREAT NORTHERN HOSPITAL, with the special object of bringing Medical and Surgical aid within a convenient distance of the most Northern districts of London.

In the neighbourhood immediately surrounding it are numerous Railways, Goods Stations, and Manufactories; and the Metropolitan Cattle Market is also very near at hand.

It has for some years been the only General Hospital in this necessitous part of London, but the rapid increase of population has now far outgrown its limited accommodation, and the great pressure on its resources has produced the necessity for a vigorous effort to grapple more adequately with the needs of the case. That effort is now to be made by the amalgamation of the Great Northern with the New Central Hospital for North London, which was inaugurated on 19th January last, and has been formed on lines consistent with the latest improvements in hospital administration, and based on principles of popular representation.

THE GREAT NORTHERN CENTRAL is a General and Free Hospital, having also Pay Wards or a Pay Wing. It is governed by a General Council, composed of Life Members being donors of Thirty Guineas, Annual Members being subscribers annually of Three Guineas and upwards, and representatives of congregations, corporations, and workshops with similar qualifications; the administration being confided to a Committee of twenty-five, appointed annually, an Honorary Secretary, and Honorary Treasurer. The combination of the free and pay systems and this method of administration will, while meeting every want of the poor, prevent the abuse of the Charity by those who are not necessitous, and secure the utmost economy in domestic and general management.

The New Hospital is estimated to cost, with site, £50,000, and, when completed, will contain 300 beds. In addition to its features as a General Hospital, it will have departments for special diseases.

For the means of completing this building, the Committee earnestly appeal. Until the New Building is erected, the Old Hospital in Caledonian Road will continue its good work, and for its maintenance funds are urgently needed.

SUBSCRIPTIONS and DONATIONS will be thankfully received by either of the above-named Bankers; or by the Secretary at the Hospital.

Including 33 cots for children, there are now 101 beds.

The districts whence Patients ordinarily come for treatment cover an area of 45 square miles, including Kensington, Hounslow, Acton, and Barnes. Last year 855 In-Patients were admitted, being an increase of 177 over the number in the preceding year. This result is due to the 51 extra beds brought into use soon after the opening of the West Wing on August 4th, by H.R.H. the Princess Mary Adelaide, Duchess of Teck. 13,879 Out-Patients received treatment.

The future annual expenditure of the Hospital will be about £6000, to meet which Voluntary Contributions are entirely relied upon. Legacies have only yielded £19,300 in a period of 28 years. More fortunate Institutions have received as much and more than this sum in a single year.

LIFE GOVERNORS are donors of 10 Guineas; of 20 Guineas; of 30 Guineas, and so on; and are privileged to recommend, respectively, 8 Out-Patients; 1 In- or 16 Out-Patients; 1 In- and 8 Out-Patients, or 24 Out-Patients; and so on in proportion.

SUBSCRIBERS of One Guinea annually are privileged to recommend 8 Out-Patients annually; of Two Guineas, 16 Out-Patients, or 1 In-Patient; and so on in proportion.

CONTRIBUTIONS will be thankfully received, and further information given by

R. J. GILBERT, *Secretary and Superintendent.*

It contains 206 beds, 14 of which are devoted to Children under 12 years of age, of both sexes, in separate wards.

The Annual Cost of maintaining the Hospital in its present state is over £19,000, whilst its reliable income amounts to only £6500, leaving £12,500 to be obtained by Voluntary Contributions. REMOTE from observation by the wealthier classes, in the centre of a very dense poor population engaged in the most dangerous and laborious industries, this Hospital is exactly situated where most required.

Accidents in the Port of London, in the Docks and Shipping, amongst the Factories and great Engineering Works, are of continual occurrence and of the most appalling character.

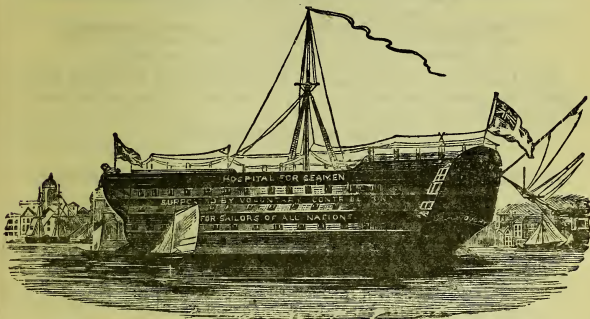

It is over two miles distant from the nearest general hospital. Delay and Transport, always painful, are often vital considerations.

During 1883 the average number of Patients has been higher than it has ever been before, in any one year, having been 8322, as compared with 5098 the average of the preceding ten years, while there were more patients in the Hospital than there have been since 1854, the year of the cholera epidemic.

Contributions and new Annual Subscriptions will be thankfully received by the Bankers, Messrs. THE HOSPITAL FOR WOMEN was the first established in this or any other country exclusively for the treatment of those maladies which neither rank, wealth, nor character can avert from the female sex.

It supplies a great need. Since its foundation, in 1842, upwards of 95,000 of the Sick Poor have received medical and surgical relief within its walls, while the number of applicants for its aid is steadily increasing.

It is a NATIONAL Institution, patients being received from all parts of the United Kingdom, and from the Colonies.

Its doors are open daily to every poor and suffering woman in the land.

It is conducted upon Christian Principles, and thus provision is made for the spiritual as well as for the physical welfare of the patients.

It is entirely dependent upon Voluntary Contributions, which are greatly needed and earnestly solicited, especially Annual Subscriptions.

ANNUAL SUBSCRIBERS of Three Guineas, Donors of Thirty Guineas and Collectors of Fifty Guineas, are entitled to recommend One In-Patient every year.

THE NEW WING FOR PAYING PATIENTS.

This Wing, erected on the site of the large Freehold premises which adjoined the Hospital, was opened in 1869 for the reception of those able to contribute a weekly sum towards the cost of their maintenance.

THE GOVERNORS of this Charity desire to make an urgent Appeal to the charitable for Subscriptions or Donations, to enable the Board to carry on and extend the work of this Institution.

The sphere of this Hospital is, as its name indicates, specially intended for the treatment of Cancer, Tumours, and Nervous Affections, including Paralysis. In the treatment of these cases Electricity, in its various forms, is an important auxiliary to the ordinary Homœopathic treatment; and for this reason the authorities have at considerable expense fitted up batteries and the various Electrical apparatus which such cases require, as also Electric and Turkish Baths.

The Hospital has Free Wards for destitute poor women; and an Out-Patient Department, which is open daily, having special days for diseases of Women and Children, and diseases of the Throat and Chest. It is open on Saturday evenings for those who are unable to attend in the daytime.

There are Wards for Paying Patients, with sitting-room attached, from one Guinea per week and upwards, according to accommodation; also Private rooms in houses adjoining the Hospital, with nursing and attendance, for ladies or gentlemen.

The Hospital can be visited at any time.

ITS WORK.—The Hospital, which has 63 Beds, was founded for the reception and treatment of respectable poor women and gentlewomen in reduced circumstances, suffering from those many distressing diseases to which the female sex is liable, irrespective of character or social position. It is upon these classes that many of the misfortunes resulting from ill-health most heavily fall. Their homes are altogether unsuited for the performance of a critical operation, and they cannot have the special nursing and care which their condition demands. It is therefore obvious that the work of this Charity in restoring Mothers, Wives, and Daughters to that health upon which the maintenance of families so frequently depends, is one of real value and importance.

The Hospital is without any Endowment or Invested Property,
and is in pressing need of Annual Subscriptions.

THIS INSTITUTION is the oldest and largest Lying-in Charity in Great Britain. More than 3000 poor women are annually relieved at the most critical period of their lives *without removal from their own homes*, a great boon to the poor, as no one need be reminded of the importance of a mother's presence in a poor man's family.

They are also saved from the dangers to which patients delivered in the best regulated lying-in hospitals are constantly exposed from the contagion of child-bed fever.

Moreover, under this system of home-ministration none are denied for want of room; as, in the words of the noble President,

**"ALL LONDON IS THE CHARITY'S HOSPITAL, AND EVERY STREET
A WARD."**

In fact there is no limit to the Charity's operations, but the want of sufficient funds, which are much needed.

Six Patients can be annually recommended for a Life Subscription of **TEN GUINEAS** or an Annual Subscription of **ONE GUINEA**, or three for a Life Subscription of **FIVE GUINEAS**.

The Committee earnestly appeal for Contributions, to enable them to fully maintain the benevolent work of this Institution.

SUBSCRIPTIONS AND DONATIONS will be thankfully received by either the

Treasurer—Sir JOHN LUBBOCK, Bart., M.P., 15, Lombard Street;

PADDINGTON GREEN CHILDREN'S HOSPITAL.

(Late the North-West London Free Dispensary, Bell Street.)

FOUNDED 1862.

SUPPORTED BY VOLUNTARY CONTRIBUTIONS.

THE OBJECT of this Charity is to afford Medical and Surgical Relief to the Children of the Poor, under the age of twelve years for Boys, and fourteen for Girls.

The Hospital, which provides 25 Cots, was opened on the 16th of August, 1883, and between that date and the 31st of December 75 Patients were admitted, of whom nearly one-third were under two years of age.

The poor and crowded neighbourhoods of Lisson Grove, Kilburn, Kensal Town, and Notting Hill

being within easy reach of the Hospital, its benefits are eagerly sought and much appreciated by the poor of those localities.

Over 500 suffering little Children are brought as Out-Patients to the Institution every week.

NO LETTERS OF RECOMMENDATION ARE REQUIRED.

The Committee earnestly appeal for Funds to carry on this good and Christian work, and also to pay off a Debt of £2000, incurred in the structural alterations and furnishing of the New Hospital premises.

THE INSTITUTION IS UNENDOWED.

ANNUAL SUBSCRIPTIONS are greatly needed.

Children, under 16 years of age, are admitted, subject to the discretion of the Committee, according to priority of application. A small weekly fee is required towards their maintenance. Sixty-nine cases have already been received, some remaining for long periods. The number of Children in the Home is now 24; but the numerous applications for admission render a further increase of accommodation necessary.

Treasurer.—LIEUT.-COLONEL HOLLWAY.

Secretary.—Mr. FRANCIS BAILY.

THE central and convenient location of this Infirmary, and the great reputation it has long enjoyed for the skill and attention of its medical officers, cause Letters of Admission to it to be most eagerly sought after, and thus *between two and three thousand Patients annually receive its benefits*. Its charity, however, is not confined to any locality; the poor being admitted as patients, whether residing in London or elsewhere.

THE COMMITTEE OF MANAGEMENT earnestly hope that this *Special Institution*, where numerous cases which only a few years ago would have been deemed hopeless are combated and arrested with the gain of a prolongation of life and usefulness to so many breadwinners of families, will appeal with force to Christian sympathy. *The skill of the most eminent Physician can avail nothing unless there be funds to obtain the costly medicines he prescribes as imperative to the success of his treatment.*

ANNUAL SUBSCRIPTIONS and DONATIONS are greatly needed, and will be thankfully received by the Bankers, Sir S. SCOTT & Co., 1, Cavendish Square; or by the Secretary at the INFIRMARY.

FORM OF LEGACY.

NORTH LONDON HOSPITAL

FOR CONSUMPTION AND DISEASES OF THE CHEST,
MOUNT VERNON, HAMPSTEAD, N.W.

Established 1860.

OUT-PATIENTS' DEPARTMENT AND OFFICE—216, Tottenham Court Road, W.

THIS HOSPITAL has special claims on the public, for it has verified the correctness of the opinion that a dry, bracing air, such as that of Hampstead, proves more beneficial both as to recovery in less advanced disease, and alleviation in the latter stages of consumption, than the warmer and softer air which was formerly so universally recommended.

Poor Patients, from all parts of the kingdom, are treated gratuitously. Nearly six thousand, of whom 268 were In-Patients, received the benefits of the Charity last year.

Funds are Urgently Needed, to keep all the Beds in the Hospital fully occupied.

A few Rooms have been furnished for Patients who are able to pay for their maintenance.

SUBSCRIPTIONS and DONATIONS will be thankfully received by the TREASURER, 37, Fleet Street; by the SECRETARY, at 216, Tottenham Court Road; or by either of the Bankers—Messrs. COURTTS & Co., Strand; Messrs. HOARE, Fleet Street; LONDON and COUNTY BANK, Hanover Square.

LEGACIES ARE ALSO EARNESTLY SOLICITED.

THIS HOSPITAL is situated in the far-famed Under Cliff of the Isle of Wight; its peculiar feature and its great merit are found in its construction on the separate system, whereby the Patients are scattered through a series of Houses, and each provided with a separate, spacious sleeping apartment facing the South and overlooking the Sea; instead of being placed in Wards, one Patient disturbing and depressing the others, and rendering it impossible to obtain that absolute purity of air, and those other conditions so essential to the alleviation and cure of Consumption and other Diseases of the Respiratory Organs. The advantages of this separate system are incalculable, and entitle this Hospital to take a foremost rank amongst the Medical Institutions of the day.

The Hospital comprises 16 Houses in 8 blocks, which afford accommodation for the reception of upwards of 100 men and women In-Patients, and a handsome Chapel, all connected by a spacious subway. There is also a Large Hall for Lectures, Concerts, and amusements, for the Patients.

The grounds cover upwards of 20 acres.

A special effort is now being made for funds for the erection of Twelve more Houses, to meet the urgent demands for admission. Three have already been given, and will be occupied this year (1884). These Houses, like the others already built, will, if desired, be named after the Donor or any relation.

THE DIET REQUIRED IS NOURISHING AND EXPENSIVE.

613 In-Patients were treated in 1883—the stay of the majority varying from 10 to 24 weeks.

ANNUAL SUBSCRIPTIONS, DONATIONS, and LEGACIES are urgently needed, and will be thankfully received by the Bankers, the LONDON & WESTMINSTER, St. James's Square; or by the SECRETARY, at the Offices, 34, Craven Street, London, W.C.

THIS is the only Hospital in England exclusively devoted to that class of painful and distressing diseases for the treatment of which it was founded in 1835. It is perfectly free, and *entirely supported by voluntary contributions*. In-Patients from all parts of the Country are eligible for admission.

During the past year **251 In-Patients and 2495 Out-Patients** participated in the benefits of the Charity; and as the demands upon it continue to increase without a commensurate increase in its income, the Committee hope that the charitably-disposed public will aid them in carrying on the good and benevolent work which up to the present has been so successful.

Funds are urgently needed to enable the Committee to carry on this good work.

QUEEN SQUARE, BLOOMSBURY.

COUNTRY BRANCH—EAST END, FINCHLEY.

THE INSTITUTION comprises:—The Hospital for In- and Out-Patients; the Country Convalescent Branch; the In-Memorial Wing for Poor Gentlewomen; the Pension Fund for the Incurable; and the Samaritan Society.

REBUILDING.

The Board of Management have entered upon the task of erecting a suitable building for the great and increasing work of this Charity, and they earnestly seek co-operation.

The New Hospital will contain 160 beds (making, with the Finchley Branch, a total of 180 beds); and it is estimated that beyond the amounts already provided, a sum of about £15,000 is needed to cover the cost of erection.

The operations of the Hospital extend to all parts of the kingdom. In-Patients have been admitted during the past few years from nearly every parish in London and suburbs, and from a thousand cities and towns of Great Britain and Ireland.

The Board appeal to those who have witnessed the work of the Hospital among their poorer neighbours, to those who know it by its reputation, and not least to those whose sympathies are quickened by the memory of loved ones passed away—victims to maladies terrible at all times, but which, when they enter the homes of the poor, too often bring with them absolute ruin.

DONATIONS to the Building Fund, or in aid of Maintenance, will be gratefully acknowledged.

THIS INSTITUTION is devoted *solely* to Diseases of the Nervous System—diseases which can only receive that amount of attention which their successful investigation and treatment demand in a Special Hospital provided with special scientific apparatus and special appliances, such as cannot be provided within the patient's home, nor safely entrusted to any but those duly qualified to use them.

The accommodation for IN-PATIENTS is so limited that, pending its increase, only very young paralysed children are received. The need of these little ones is so pressing that the truest charity demands their admission as the first In-Patients, and ten Cots are thus constantly fully occupied.

Indigent Patients are treated *Gratuitously* upon production of a certificate of poverty signed by a Magistrate, Minister of Religion, Registered Medical Practitioner, or Subscriber.—A special Waiting Room is provided for those who, while unable to afford Physician's customary fees, can yet contribute Five Shillings weekly to the Funds of the Hospital.

The Committee earnestly plead for liberal support on behalf of those sadly afflicted young children, the relief of whom is the special care of this Hospital.

SUBSCRIPTIONS and DONATIONS will be thankfully received by the London and County Bank, Oxford Street, W., or by the Secretary, at 73, Welbeck Street, W.

All Contributors have the privilege of recommending Patients in proportion to their Donations or Subscriptions.

ST. LUKE'S HOSPITAL FOR LUNATICS. OLD STREET, E.C.

ESTABLISHED A.D. 1751.

President.—H.R.H. THE DUKE OF CAMBRIDGE, K.G.

Treasurer.—GENERAL SIR HENRY DE BATHE, BART.

THIS HOSPITAL was established for the care and cure of the insane of those classes of Society for whom no legal provision has been made.

Patients are admitted either gratuitously, or upon payment of a small weekly contribution, according to their circumstances.

Since the opening of the Hospital up to the 31st December, 1883, 23,190 Patients have been admitted, of which upwards of 10,000 have been discharged cured.

The Committee most earnestly appeal for Donations in support of this Institution, which has for so long a period afforded valuable assistance and alleviation in this the heaviest affliction which it has pleased Divine Providence to inflict upon His Creatures. A Governor's Qualification is 30 guineas. A Subscriber of 10 guineas, undertaking to contribute like amounts in each of the two years next following—so completing the requisite qualification—may be provisionally chosen a Governor, and be eligible at once to serve on the Committee.

CONTRIBUTIONS will be thankfully received at the Hospital and acknowledged by the Secretary.

THIS Hospital, the oldest and considerably the largest of its speciality in England, is the parent of all the Eye Infirmaries throughout the British dominions. By the recent addition of a NEW WING, its accommodation for In-Patients has been raised to 100 beds, while the Out-Patient Department has been entirely remodelled, and has room for about 400 Patients daily. It relieves, on an average, over 1500 In-Patients and about 21,000 Out-Patients annually. The number of attendances in 1883 was 121,190.

THE ADMISSION IS ENTIRELY FREE TO THE AFFLICTED POOR, all whose wants are gratuitously and liberally supplied; including, when required, Spectacles and Artificial Eyes, which form a large item of expenditure.

The recent Enlargement of the Building has necessarily involved a considerable addition to the current expenses, which reach over £6000 annually. As the certain income of the Charity is under £1300 a year, it will be seen how urgent is the necessity for a strenuous APPEAL to public benevolence on behalf of an old-established Institution, long recognized as one of the most important and valuable Medical Charities in this Country.

A LIFE SUBSCRIPTION, which is £10 10s., or an Annual Subscription of not less than £1 1s., entitles the Donor to all the privileges of a Governor, including unlimited power of recommendation of Patients, eligible by their poverty to the benefits of the Charity.

ANNUAL SUBSCRIPTIONS (which are especially solicited) and other Contributions will be thankfully received at the Hospital by the Secretary, by whom all further needful information will be promptly supplied on application.

THIS HOSPITAL receives the Destitute Poor on their own application, *without* Letters of Recommendation, and was the first to inaugurate this system of *true* Charity.

It has Thirteen Wards capable of accommodating Fifty In-Patients, but from want of funds only 12 beds can at present be maintained.

Since its establishment the Hospital has afforded aid to 331,897 sufferers, and of this number, 11,568 have been In-patients, and operations have been performed in 22,591 cases. During the past year (1883), 7780 Poor Patients were treated.

The decease of a large number of Old Subscribers has caused so great a diminution in the income of this much-needed Charity, that the Committee earnestly APPEAL to the BENEVOLENT FOR ANNUAL SUBSCRIPTIONS, so that as many of the numerous afflicted poor, constantly seeking admission, may be received as the Wards of the Hospital are capable of accommodating.

A Subscription of One or Two Guineas a year constitutes an Annual, and a Donation of Ten Guineas, a Life Governor.

SUBSCRIPTIONS and DONATIONS will be thankfully received by the Bankers, or at the Hospital, by the Secretary.

The Committee are anxious to call attention to the advantages this Hospital affords to persons of small means and to poor people from the Country who are unable to meet the expenses of treatment or operation at home.

ADMISSION OF PAYING PATIENTS.—The Committee of Management, in order to carry into effect this object, have appropriated two Wards in the Hospital: one Ward for Male Patients, and the other for Females. These Wards are fitted up and furnished expressly for such Patients.

FORM OF BEQUEST.

"I give and bequeath to the Treasurer, for the time being, of the ROYAL WESTMINSTER OPHTHALMIC HOSPITAL the sum of * to be applied to the general purposes of the said Hospital, and I desire that the said sum be paid, free of Legacy Duty, out of such part of my Personal Estate as I may lawfully devise to charitable uses."

The following Extract from an Appeal for Aid to St. John's Hospital, written by Charles Reade, commends the objects of this Institution to all philanthropists:—

"The fatal Scurvy, the foul Leprosy, the maddening Eczema, are all skin diseases, and all far more common than supposed. Other skin diseases, less generally known, inflict agony, misery, and shame on many respectable persons, and make their lives a burden.

"In estimating the less fatal diseases of the skin, it must be remembered that the skin covers the whole body, a surface of sixteen or eighteen square feet, and is very sensitive, and that most of its diseases are seen as well as felt, causing the sufferers to be despised or shunned, whereas internal maladies invite the boon of sympathy. As an example, take the fate of domestic servants so afflicted. Their employers dismiss them, however meritorious, and their friends shun them; mental despair too often follows, and they say, with the Patriarch Job, whose bodily afflictions, selected by knowledge and malignity in person, was a disease of the skin, 'My misery is greater than I can bear.'

"Against such a weight of suffering, shame, and sorrow, what is the special provision in our enormous city? I cannot undertake to say positively, but at present I am acquainted only with one small Hospital;—that ought to be a great one, and will be in a year, if the public pleases. This is ST. JOHN'S HOSPITAL FOR DISEASES OF THE SKIN."

ST. JOHN'S HOSPITAL admits In-Patients from all parts of the Country. The poor are treated *free*, and those who can afford to make a small weekly payment are also received. Last year 79 new In-Patients and 2408 new Out-Patients were admitted.

CONTRIBUTIONS will be gratefully received by Messrs. COUTTS AND Co., the Bankers; MAJOR MERCIER, the Treasurer; or at the Hospital, by

ROYAL SEA BATHING INFIRMARY, MARGATE.

FOUNDED 1791.

THIS is the *only Hospital* in England which is strictly *limited to cases of Scrofulous Disease*. Sea Air, Sea Bathing, a Dry Soil, and Wholesome Atmosphere, are essentially necessary for the successful treatment of Scrofula. The Margate Sea Bathing Infirmary, built *on the sea-side*, has been the blessed means by which *Tens of Thousands* of the Poor of our Country, afflicted with Scrofula, have been sent home wholly cured, or so greatly relieved, as to be able to earn a livelihood and enjoy life again, when before it had been a burden to them.

The HOSPITAL has 250 BEDS, and it remains open all the year round to patients introduced by Governors subscribing not less than £1 1s. per annum, or Donors of not less than £10 10s. Six hundred and thirty-nine Patients received its benefits during the year 1883.

CONTRIBUTIONS IN AID ARE MUCH NEEDED.

The Income of the Infirmary has not at any time been equal to the expenditure, owing to the exhausting nature of the disease treated.

DONATIONS of Life Governors and ANNUAL SUBSCRIPTIONS of Governors may be paid to the BANK OF ENGLAND; Messrs. COUTTS & Co., 59, Strand; Messrs. COBB, Margate; at the Office of the Charity; or at the Hospital.

THE PERIOD OF CONVALESCENCE is, to the poorer classes, a weary trial. Inability to work entails scanty sustenance when plentiful food is urgently required, or produces absolute want, and compels resort to parochial relief. Exertion beyond the strength always retards recovery, often leads to relapse, and especially tends to develop diseases that may be prevented, but cannot be cured.

The mission of the SEA-SIDE CONVALESCENT HOSPITAL is, when the General Hospital or such-home treatment as the poor may attain have done their part, to complete the work of restoration by administering sea air under medical supervision, with ample food, lodging, nursing, and repose.

EACH ADMISSION ORDER AVAILABLE FOR ONE MONTH.

613 Cases were passed in the Year ending 31st March, 1883.

The signal success that, with few exceptions, has attended the treatment of more than 10,000 cases, some of them most difficult, has brought so many and urgent calls for the Society's help, that the Committee are pressed for funds. They have now an admirable freehold hospital capable of accommodating 70 inmates, but their resources are inadequate to the task of maintaining it in full efficiency, and of adding warm sea-baths to its many other advantages.

BANK OF ENGLAND; and LONDON & WESTMINSTER (Southwark Branch).

It is estimated that at the present time there are in the United Kingdom nearly

35,000 BLIND, MOSTLY INDIGENT!

It is well nigh impossible for the Blind to compete with sighted labour and earn the means of self-support by the very few, the least remunerative, trades to which their attempts must ever be limited; as in mat-making they are undersold by convict labour, in brush-filling by sighted labour, and in basket-making by foreign importers, whilst in chair-caning, as in every other description of work, it must be evident to every one who gives the subject a moment's serious thought, they cannot compete with the more rapid work of the sighted.

This Society, established in 1863, has during its comparative short existence conferred on many hundreds of deserving and necessitous Blind much solace and substantial relief, in their homes with their families, by regular Pensions, paid monthly.

The two following Rules of this Charity are worthy of particular attention:—

- 1.—That the object of this Society be to relieve the Indigent Blind, of good moral character, without regard to sect or creed.
- 2.—That at each Election the two unsuccessful Candidates the longest on the list shall be made Pensioners.

ELECTIONS OF PENSIONERS take place twice a year, in May and November. At the last November Election (1883), 27 were elected, bringing up the number of recipients of the benefits of the Charity to 425.

THE PENSIONS, to increase which is always a source of real happiness to the Committee, whenever the generous Contributions of the Benevolent justify the step, are apportioned according to the ages of the recipients, as shown in the following table:—

			Monthly.			Yearly.
Above 85 years	£1	5	0	£15 0 0
" 80 "	1	0	0	12 0 0
" 70 "	0	15	0	9 0 0
Under 70 "	0	10	0	6 0 0

SUBSCRIPTIONS and DONATIONS are earnestly solicited, to enable the Committee to increase the number of Pensioners, and will be thankfully received by the Treasurer, or by the Bankers.

For every 10s. 6d., Annual Subscription, or £5 5s., Life Donation, the Contributor is entitled to One Vote at each Election; and for every £1 1s., Annual Subscription, or £10 10s., Life Donation, to Two Votes at each Election.

For £52 10s., Life Donation, the Donor becomes a Vice-President with 10 Votes.

The payment of a Bequest of £25 to the Society, entitles each Executor to the privilege of a Life Vote, and an additional Vote for every additional £25.

N.B.—Applicants to this Society who have been compelled, by the sad necessities of their case, to apply for Parochial Relief, are not disqualified from becoming Pensioners.

SOUTH LONDON ASSOCIATION FOR ASSISTING THE BLIND.

THE RIGHT HONOURABLE HENRY FAWCETT, M.P. (POSTMASTER-GENERAL).

Vice-Presidents.

THE HONOURABLE REGINALD CAPEL.

ALD. SIR W. McARTHUR, M.P.

THE REVEREND CANON HUSSEY, D.D.

Chairman of Committee.—CHARLES WHITE, Esq., M.L.S.B. for LAMBETH.

Treasurer.—CHARLES DEWEN MILLET, Esq., London and Westminster Bank, Lambeth Branch,
Westminster Bridge Road, S.W.

Hon. Secretary and Solicitor.—J. T. EDMONDS, Esq., 15, Brixton Road, S.W.

THE AIM OF THIS ASSOCIATION is to help the poor Blind to help themselves, and to assist them as the individual necessities of each case may require. Several classes are established for instruction in Reading, Work, and Music, to which all the members have access. Members have also the privilege of borrowing sums of money free of interest, with which to buy materials for work to sell, or for any similar purpose. The Members are visited, and in cases of sickness or special need are, as far as possible, relieved. There are now on the books 110 Blind Persons of both sexes. The work of the Association is very much needed, but owing to lack of means (especially of Annual Subscriptions), its labours are restricted; the Committee therefore *earnestly appeal* to the friends of these poor afflicted ones, to enable them to meet the daily increasing demands upon their funds.

SUBSCRIPTIONS and DONATIONS will be thankfully received by the Treasurer, as above, or by the Honorary Secretary, 15, Brixton Road, S.W.

THE INDIGENT BLIND VISITING SOCIETY, 27, RED LION SQUARE, W.C.

INSTITUTED IN 1834.

President.—THE EARL OF SHAFTESBURY, K.G.

Treasurer.—SAMUEL GURNEY SHEPPARD, Esq.

Bankers.—MESSRS. WILLIAMS, DEACON, & Co., 20, Birchin Lane, E.C.

Secretary.—MR. W. C. LESTER.

THE Committee appeal most earnestly on behalf of the blind poor of London, to raise the condition of whom this Society was founded.

The means employed are regular home visitation, relief according to the necessity of each case, and elementary education in day classes. More than 800 are now on the Society's books; a large number are being regularly employed, while the others are relieved at their own homes. The state of the Society's funds causes great anxiety, the income being precarious and frequently less than the expenditure. As Annual Subscriptions are the most reliable source of income the Committee earnestly solicit the benevolent to become Annual Subscribers.

AN ANNUAL SUBSCRIBER of ONE GUINEA or a LIFE DONOR of TEN GUINEAS is entitled to have one blind person on the Society's Books.

CONTRIBUTIONS will be gratefully received by the Secretary, MR. W. C. LESTER, 27, Red Lion Square, W.C., or by the Bankers, MESSRS. WILLIAMS, DEACON, & Co., 20, Birchin Lane, E.C.

DEAF AND DUMB CHILDREN OF THE POOR,

PATRON.

HIS ROYAL HIGHNESS THE PRINCE OF WALES, K.G.

THIS old and deserving Metropolitan Charity (the first of its kind in Britain), has up to the present time received under its fostering protection 4619 deaf and dumb children, from all parts of the United Kingdom.

With very few exceptions these poor children belong to indigent parentage; they have, therefore, been **BOARDED, CLOTHED, and SPECIALLY EDUCATED**, for average periods of five years each child, at the sole cost of this Charity.

Moreover, when their educational term has expired, the arm of assistance has been still further extended towards them; over 1790 former inmates have been taught and acquired a knowledge of various useful occupations, at a cost to the Charity of upwards of £16,000.

In order to give the "Pure Oral System" of teaching the Deaf and Dumb a fair trial, the Committee have inaugurated Classes of the newly-elected children (who are kept in a separate building from the other children), who are being taught on the "Pure Oral System" by teachers specially appointed for that purpose.

The educational term has been extended by one and a half years; children are admitted from seven to ten years of age. This extension seems to be a necessity admitted by all teachers of the "Pure Oral System."

The children in the Oral Classes are located in the temporary Asylum at St. Lawrence, near Ramsgate.

The staff of teachers and servants are not committed in any way to the use of signs.

300 Children are now on the Books of the Charity.

ELECTIONS are held the second Monday in January and July.

DONATIONS AND SUBSCRIPTIONS ARE EARNESTLY SOLICITED.

ONE HUNDRED THOUSAND CRIPPLES

In England alone, under ONE YEAR OLD, exist, and
THEIR FUTURE IS TOTALLY UNPROVIDED FOR!

**THIS IS THE ONLY CRIPPLES' HOME FOR ADULT GIRLS
 IN THE KINGDOM.**

The Cripple Girls are instructed in Straw-work and Bonnet-making, the Sewing Machine, and Dressmaking. After three years, they are mostly able to earn their own living.

The Industrial Girls are taught house-work, washing, and cooking, wait upon the Cripples, and are generally trained for domestic servants.

FUNDS ARE GREATLY NEEDED, not only to maintain the present efficiency of the work, but to afford the Cripples change of air at the seaside—with them an imperative necessity.

DONATIONS and SUBSCRIPTIONS will be thankfully received by either of the Treasurers, by the Bankers, or at the Home, by the Resident Secretary. Post-Office Orders should be made payable at the Upper Baker-street Office, to Miss E. EMES, at the Home.

Hon. Secretary.—H. R. KNIPE, Esq.

THIS CHARITY was instituted in 1865 to feed, clothe, educate on Christian principles, and teach a trade to Crippled Boys, so that they may be able to support themselves when they leave the Home.

Left to take their chance in their own dwellings, in poverty and sickness, their case is almost hopeless.

The returns of the deaths of Crippled Children show a living multitude of 100,000.

100,000 Cripples in England and Wales means 100,000 afflicted families to whom this Home will be an incalculable boon.

The new premises, with an acre of land behind, freehold, are near the Railway Station, Kensington High Street.

The enlargement of the premises to receive 100 boys is urgently needed. But this cannot be done for want of funds.

**THE COMMITTEE EARNESTLY APPEAL TO THE PUBLIC

SUBSCRIPTIONS and DONATIONS will be thankfully received by the Bankers, Messrs. HOARE, Fleet Street; Sir C. S. SCOTT & Co., Cavendish Square; LONDON AND COUNTY BANK, Kensington; and by the Hon. Treasurer, S. H. BIBBY, Esq., 60, Green Street, Grosvenor Square, W.

The public are invited to visit the Home any week-day except Saturdays.

NATIONAL SOCIETY

FOR

PROMOTING THE EDUCATION OF THE POOR

IN THE

PRINCIPLES OF THE ESTABLISHED CHURCH.

Churchmen are earnestly requested to meet the pressing wants of the Society by means of Donations and Annual Subscriptions, and thus enable the Committee to give a favourable response to the numerous and urgent applications for aid that are being daily received.

THE SOCIETY'S WORK.

PAST WORK.

SINCE its formation in 1811, the Society has expended more than eleven hundred thousand pounds in promoting the Education of the Children of the Poor in the principles of the Established Church, involving an expenditure of at least *twelve times* as much from other sources for the same end.

1. Building and enlarging Church Schools. Since the passing of the Education Act of 1870, the Society has voted £144,447 for building and enlarging Schools in 3195 places. These grants will assist in providing school accommodation for 394,284 additional children.

2. Increasing the efficiency of the poorer classes of Church Schools by means of grants towards Fittings, Books, and Repairs.

3. Maintaining the existing Church Training Colleges and providing for the examination of the students in religious knowledge.

4. Fostering an efficient system for the Diocesan Inspection of Church Schools under the direction of the Bishop of each diocese.

5. Protecting the 14,000 Schools in union with the Society, and other Church Schools, in which a sound secular as well as religious education is given.

6. Diffusing the most recent and trustworthy information on educational topics, and giving advice to School Managers; and generally adopting every legitimate means for the Maintenance and Extension of Church Education which has proved so great a blessing to this nation.

THE *School Guardian*, an Educational Newspaper and Review which contains the latest information on Educational Matters, and is the best medium for all scholastic advertisements, may be obtained through local booksellers, or it will be sent to persons on payment of 6s. 6d. annually in advance, which may be remitted in postage stamps or otherwise to the Publisher, at the National Society's Dépôt, Sanctuary, Westminster.

N.B.—The present liabilities of the Society for Grants already promised amount to £16,687; and of this sum £11,237 is promised for building and enlarging Schools.

Cheques or Drafts should be made payable to the Treasurer or bearer (not order), and crossed "Messrs. DRUMMOND."

Post-office Orders may be made payable to REV. JAMES DUNCAN, at the Charing Cross Post-office, and forwarded to the National Society's Office, Sanctuary, Westminster, S.W.

THE OBJECT OF THIS SOCIETY is to promote the circulation of sound CHRISTIAN LITERATURE.

For this purpose the Society publishes a CATALOGUE OF BOOKS which embraces SECULAR as well as RELIGIOUS reading, every effort being made to exclude those that are inconsistent with the Evangelical and Protestant principles of the Church of England, and those with Rationalistic tendencies.

THIS CATALOGUE IS AN INVALUABLE COMPILATION. It differs widely from the catalogues of books which other Church Literature Societies issue of those works which they themselves publish, inasmuch as it contains particulars of about FOUR THOUSAND BOOKS, all of which have been SELECTED FROM THE WIDE RANGE OF THE PUBLISHING WORLD, have been carefully read by the readers of the Society, and finally approved by the Committee.

FREE GRANTS OF THEOLOGICAL BOOKS are made to the Poorer Clergy, whose incomes do not enable them to procure such, many being unable to purchase even ordinary modern publications, which to them are "necessaries."

CANDIDATES who are unable to provide themselves with the Books required by them in preparing for HOLY ORDERS, can obtain a GRANT OF BOOKS, subject to the approval of the Committee, AT HALF-PRICE.

HALF-PRICE GRANTS OF BOOKS are made to Libraries for the Parish or Sunday School, and also to Young Men and Young Women's Institutes and other Libraries. That is to say, that if there are Two Pounds to be expended, this Society sends Four Pounds' worth of Books for that amount, and so on. Upon the grant being sanctioned by the Committee, the Society's "Arranged Catalogue" is sent, from which to select the volumes for the Library.

GRANTS of the Society's Hymn Book "COMMON PRAISE," PRAYER BOOKS, &c., are made to Churches, Mission Halls, Sunday Schools, and Institutions, and also to the Clergy for their Parochial Work.

The Society undertakes the Publishing of useful Books, &c., subject to the approval of the Committee.

Subscriptions and Donations in aid of the work of the Society will be thankfully received by the Secretary at 11, Adam Street, Strand, W.C.; or by Messrs. Barclay, Bevan, & Co., 54, Lombard Street, E.C.

FORM OF BEQUEST.

"I give the sum of £ to the CHURCH OF ENGLAND BOOK SOCIETY, of 11, Adam Street, Strand, London, W.C., to be paid, free of Legacy Duty, exclusively out of such parts of my personal Estate as I can lawfully charge with payment of legacies to charitable uses; and I desire that the same be paid to the Treasurer, for the time being, of the said Society, whose receipt shall be a sufficient discharge for the same."

OBJECT.—The circulation of small religious books and treatises throughout the British Dominions and in Foreign Countries.

CONSTITUTION.—The business of the Society is conducted by a Committee chosen annually in London, consisting of four Ministers and eight Laymen, and of six Trustees, one half being evangelical Members of the Church of England, and one half evangelical Nonconformists.

PRODUCTIONS.—The Society has upon its catalogues upwards of 3500 separate Tracts and Handbills; besides Books, Periodicals, Sermons, Broad-sheets, Cards, &c., for adults; and a vast variety of Tracts and Books for children.

ANNUAL SUBSCRIBERS of half a guinea and upwards are Members of the Society so long as the subscription is continued. **DONORS** of ten guineas, and an Executor paying a legacy of £50 and upwards, are Members for Life. *Members have the privilege of purchasing all the Society's publications at a Reduction of 25 per cent. from catalogue prices.*

DONATIONS AND SUBSCRIPTIONS are applied :—

To furnish free grants of Tracts to the multitudes who cannot purchase, but must possess them.

To furnish Libraries at reduced rates to poor congregations, Sunday-schools, whether at home or in the colonies.

To furnish paper and money to the Societies at Calcutta, Allahabad, Tirhoot, Orissa, Madras, Bangalore, Surat, Neyoor, Ceylon, Burmah, Canton, Hong Kong, Shanghai, and Singapore.

To furnish money to France, Belgium, Sweden, Russia, Switzerland, Germany, Spain, Portugal, Italy, and Turkey; without which aid Tract operations in these several places would soon come to an end.

Amid the various societies springing up and calling upon the public for support, it is hoped that the Religious Tract Society—which has been enabled during more than eighty-five years to do a great work for God, and is doing it still more extensively—will continue to enjoy in augmenting proportions the support and prayers of Christians of all denominations.

ST. ANDREW'S WATERSIDE CHURCH MISSION, FOR SAILORS, FISHERMEN, AND EMIGRANTS.

Supported by Voluntary Contributions of Money and Books.

ESTABLISHED 1864.

Office—65, Fenchurch Street.

Depôt for Books—36, City Chambers, Railway Place, Fenchurch Street, London, E.C.

Patrons.—The Archbishop of Canterbury, the Bishops of London, Winchester, Durham, Lincoln, Chester, Rochester, S. Albans, Liverpool, Lichfield, Exeter, Gibraltar, Nottingham, Bedford, Newfoundland, Nova Scotia, Colombo, Nassau, Argyll and the Isles.

THE WORK OF ST. ANDREW'S MISSION is to encourage the Worship of God at Sea, and to advance the influence and teaching of the Church of England among Sailors, Fishermen, and Emigrants, on board ship or elsewhere, through the agency of the Parochial Clergy at home and the responsible Clergy abroad.

About FIVE THOUSAND ships have been supplied with FREE LIBRARIES.

Each Library contains about THIRTY-FIVE selected volumes. The Mission also gives Books, Magazines, Tracts, &c., to the extent of many thousands. These are supplied to the Foreign Stations, and to the Fishing Fleets, Coasting Vessels, &c., and large quantities of Reading and Service Books to Emigrants.

FOREIGN HOSPITALS at the Stations have been provided with Books for English SAILORS, and some Sailors' Homes have been supplied.

APPLICATIONS FOR HELP are constantly being made from all parts of the world, and it is a cause of great regret to the Committee that their funds do not allow them at present further to extend their operations. CONTRIBUTIONS are therefore earnestly solicited.

Cheques and P. O. Orders should be made payable to the Secretary.

Books, Magazines, and Illustrated Papers are always most acceptable, and may be sent to the Depôt. Clothes for Emigrants are also welcome.

4, TRAFALGAR SQUARE, CHARING CROSS, W.C.

PATRON.—THE REV. THE CHAPLAIN-GENERAL.

PRESIDENT.—GENERAL SIR A. J. LAWRENCE, K.C.B.

SOLE OBJECT OF THE SOCIETY—

TO SPREAD THE SAVING KNOWLEDGE OF CHRIST AMONG OUR SOLDIERS.

The Committee make AN EARNEST APPEAL FOR FUNDS to all who have the religious and moral elevation of our Army at heart, and who would wish to see the hands of the military Chaplains strengthened by the assistance of a body of men of the Soldier's own station in life, who, without the restraint unavoidable in the intercourse of different classes of Society, may commend to them the love of Christ, read to them the Word of Life, and strive to lead them from the deceitful pleasures of sin to that peace which the world can neither give nor take away.

There are now 96 Scripture Readers on the Lists of the Society, of whom 21 are abroad and 75 at home.

CONTRIBUTIONS in aid of the Society will be thankfully received by the Treasurer, V. G. M. HOLT, Esq., 17, Whitehall Place; at the National Provincial Bank of England, 212, Piccadilly, W.; and by the Secretary, Mr. WM. A. BLAKE, at the Offices, 4, Trafalgar Square, Charing Cross, W.C.

OBJECT.—The salvation of immortal souls; the spiritual comfort and edification of believers; and to bring the glad tidings of the Gospel to the sick and suffering.

NECESSITY.—The appalling spiritual destitution existing amongst the masses of this VAST METROPOLIS, containing a population of nearly four millions; of whom it is computed that *a million and a half never attend any place of worship whatever*, and so never hear the sound of the GOSPEL, except it be carried to their doors!

MEANS.—The employment of approved and godly men as Scripture Readers, under the superintendence of the Parochial Clergy, who visit the poor from house to house, reading to them the Word of God, and directing them to THE SAVIOUR. The Parochial system is thus made POSSIBLE to the Clergy and VALUABLE to the poor.

REQUIREMENTS.—Liberal and continued help, in order to maintain the present staff of 120 Readers labouring in poor and crowded parishes with an aggregate population of NEARLY A MILLION souls; and to enable the Association to extend its operations in response to the many urgent applications for help from the Clergy of large and struggling districts.

The Association appeals to all interested in the temporal and spiritual welfare of the working classes, whose true interests it seeks to promote by pointing them to the Saviour and reading His word. By such means alone can the moral condition of the masses be raised, their lives sweetened and purified, their tastes elevated, and their happiness and contentment promoted.

THE OBJECT OF THIS SOCIETY is to promote Evangelistic work in the Church of England, by maintaining a staff of experienced Mission Preachers.

A Mission is usually continued for ten days, with two or more Services daily every Evening Service being followed by an After Meeting. Upwards of 800 such Missions have been held since the formation of the Society. At the present time eleven clergymen are entirely engaged in the service of the Society; twenty others receive grants to provide additional Curates, and so set themselves free to devote a portion of their time to conducting Missions; while a large number give their voluntary help. The staff, as above enumerated, is from time to time being increased.

As the greater number of the Missions held are in the poorer parishes of large towns, and in country villages, liberal help is urgently needed.

CONTRIBUTIONS will be gratefully acknowledged by the Secretary, the Rev. S. W. DARWIN FOX, 21, John Street, Adelphi, W.C.

- 1st, Donations to Poor Clergymen incapable of duty from mental or bodily infirmity, or burdened with large families, or in unavoidable necessity.
- 2ndly, Pensions to Poor Widows and Aged Maiden Daughters of Deceased Clergymen, and temporary relief in cases of great age or sickness.
- 3rdly, Apprentice-Fees and Donations towards the education and establishment in life of Children of Poor Clergymen.

In 1883 the Governors assisted by grants 252 Clergymen, 286 Children (92 being Orphans), 211 Widows and Single Daughters; and by Pensions 406 other Widows and 306 Daughters; in all 1461 individuals. The total sum paid was £24,150.

Pensions and Donations are granted by the Court of Assistants on receiving satisfactory proof of personal merit and necessity, and the names of the Court are a sufficient guarantee of the strict impartiality which prevails over the distribution of the funds. Grants for children are made only for approved and definite objects—viz., education, apprenticeships, articulated and other clerkships, and outfits in trades and professions.

The comprehensive character of its benevolent objects, and the Catholic spirit in which the Corporation acts, form a leading and distinguishing feature in its management.

Donors of 30 guineas and upwards are elected Governors of the Corporation.

LEGACIES form a most valuable means of increasing the annual income of this great Church Charity.

THE PROVINCE OF THIS SOCIETY is to preach the Gospel, and in other ways relieve two classes—those who cannot, and those who will not, attend the ordinary places of worship. The work of preaching and visitation is carried on by over one hundred gratuitous labourers, belonging to every Evangelical denomination, the Society being entirely unsectarian. Last year the total number who heard the Gospel from its members was over 460,360; the number of Services held being nearly 12,382; and upwards of 166,186 tracts were distributed. Free breakfasts were given on Sundays all the year round, and free teas as often as possible, with the most blessed results; and relief was given to the sick and destitute as far as the means at command would allow.

Funds are Urgently Required to carry on the Work at the Mission Hall, Thrawl Street, Spitalfields, E.; for the Benevolent and Sick Fund; and for the General Fund.

SUBSCRIPTIONS and DONATIONS will be gratefully received by the Treasurer, F. A. BEVAN, Esq., at the Bank; by the Hon. Secretary, Rev. WM. TYLER, 247, Hackney Road, E.; by the Secretary, Mr. JAMES ATKINSON; or by the Bankers, Messrs. BARCLAY, BEVAN, AND Co., 54, Lombard Street, E.C.

To effect the object of this Mission, a great variety of Classes, Meetings, Lectures, etc., are carried on; while the Club Rooms—both for Male and Female, of all ages, in the Profession, *being open daily*—afford protection from the temptations of the streets during intervals between Rehearsal and Performance.

The Institute for Girls and Children is at the above address; and a similar one for Youths and Boys is open at 14, York Street, where the help of gentlemen is solicited to conduct Classes.

The Committee endeavour to provide for each fresh Member of their Institutes *two* friends—one to *write*; the other to *visit*, monthly, in the Home.

The Association of these Workers, *which still greatly needs increasing*, numbers over 700, and individuals to the number of about 2000 are thus reached each month.

Lodging Houses for “Professionals” in the Provinces are visited; a Register of these is kept in London, so that any, away “on tour,” at home or abroad, are looked after by Christian friends.

The Christ-like aim of the Mission is not to patronize, but to afford sympathetic help; to encourage the godly; to lift up the fallen; and to provide work of all kinds for those who may be out of Theatrical Employment.

Workers—Letter Writers and Visitors—are much wanted.

An earnest Appeal is made for Funds in aid of this benevolent work.

ANNUAL SUBSCRIPTIONS and DONATIONS will be thankfully received at the above Office, by Mr. COURTHOPE E. TODD, to whom all communications should be addressed.

FORM OF BEQUEST.

“I bequeath to the Treasurer or Director, for the time being, of the Society known as ‘THE THEATRICAL MISSION,’ instituted in London in 1873, the sum of £ to be applied to the general purposes of the said Mission; and I direct that the said sum be paid, free of Legacy Duty, exclusively out of such part of my Personal Estate as I may by Law bequeath for Charitable Purposes; and the receipt of the Treasurer or Director for the time being of the said Mission shall be a sufficient discharge for the payment of the said Bequest.”

THESE HOMES were established in 1860 for the reception of the less degraded class of Penitent Young Women.

Special efforts are made on behalf of Mothers with their first infants, who are really the most hopeful class of the fallen, and are generally greatly to be pitied.

A Home has been opened for the reception of such young women, before they become mothers, as are unfitted, from their previous good character and position, to mix with others.

THE APPLICATIONS FOR ADMISSION ARE PAINFULLY URGENT, AND FUNDS ARE GREATLY NEEDED.

SUBSCRIPTIONS and DONATIONS will be gratefully received by the Treasurer, the Bankers, or by the Secretary.

FORM OF BEQUEST.

THIS SOCIETY, founded in 1838, seeks to reclaim Young Women from all parts of the Country, who have, by one false step, fallen from the path of virtue. They are cared for in their trouble, if expecting to become mothers; and, after suitable training, are placed in service, where needful help is given them in supporting their infants, lest, through want, they should fall again into sin. This is the more necessary from the extreme youth of many of the applicants, which prevents their earning sufficient to maintain their infants.

During the Past Year 99 Women and 61 Babes found a Home and Protection in this Institution.

THIS SOCIETY is established to convene Meetings of Fallen Women in the Metropolis and the Provinces.

The Society's design is to carry the glad tidings of God's mercy in Christ Jesus to the many thousands of poor outcast women who are hurrying on to their temporal and eternal ruin, and dragging their victims down to their own wretched level.

Without these efforts the career of the Fallen Woman is, humanly speaking, hopeless ; as she studiously shuns the House of God.

During the last twenty-five years the Committee have found that the majority of the most pressing and painful cases were country girls and orphans.

Since the institution of the Society the Committee have held 950 meetings, attended by an aggregate of over 60,000 poor young women.

One hundred meetings were held during the past year.

SOME THOUSANDS OF RECLAIMED YOUNG WOMEN HAVE BEEN PLACED IN HOMES THROUGH THE INSTRUMENTALITY OF THIS SOCIETY ; and large numbers have been known to leave their sinful courses without receiving any temporal aid from the Society.

DONATIONS and SUBSCRIPTIONS will be thankfully received by C. WILSON M'CREE, at the Office, 8a, Red Lion Square, W.C., to whom all Post Office Orders, on G.P.O., and Bankers' Drafts (to order) should be made payable.

THE Chief Aim of the Union is to Elevate and Reclaim the Neglected and Criminal Classes by educating them in the fear of God, and the knowledge of the Holy Scriptures. The Union has three distinct works:—

I. It promotes the Improvement and Extension of Preventive Efforts.

By disseminating information as to what has been already accomplished; pointing out the necessity for fresh efforts, and if needful, originating them; giving attention to all measures brought before Parliament affecting the progress of the movement; advising those about to engage in Reformatory work; acting as a centre of communication between those already so labouring; holding Industrial Exhibitions at which the work executed in the Institutions is displayed; and by arranging Conferences for interchange of the experience of those engaged in the work.

These operations are carried on by means of the GENERAL FUND of the Union.

II. It assists to Feed, Clothe, and Educate the Destitute.

By Grants to those Refuges, Homes, and Industrial Schools in which the Homeless, Outcast, and Neglected are sheltered and taught. Upwards of £30,000 have been thus distributed since the formation of the Union. Each Grant is made only after careful inspection of the Institution, and approval of its management and financial position.

These Grants are made out of the CHILDREN'S AID AND REFUGE FUND of the Union.

III. It sustains direct Missionary Efforts.

These are: 1st. A WOMAN'S MISSION TO WOMEN (The Female Mission to the Fallen), for which there is a special fund. See page 339.

2nd. An Agent, better known as the Boys' BEADLE, who is employed to "look after" the waifs and strays of the Metropolis, upwards of 4500 of whom he has helped.

3rd. A METROPOLITAN DISCHARGED PRISONERS' RELIEF COMMITTEE, for aiding those who have committed their first or second offence, to regain their good name, and return to the ranks of the industrious and honest: nearly 10,600 have been assisted thus.

4th. TWO RESCUE OFFICERS, who take children from the worst haunts of vice and misery, and place them in Industrial Schools and other places of refuge. See page 335.

A PROVIDENT AND BENEVOLENT FUND has been established for the benefit of Officers in Institutions connected with the Union.

Further information willingly given by the Secretary at the Offices.

CONTRIBUTIONS are earnestly solicited towards these various objects, and will be appropriated to each one in accordance with the wishes of the Contributors.

HYDE HOUSE	-	-	27, Somerset Street, Portman Sq., W.

These Homes are intended for Girls and Young Women who are employed in the Factories and Workrooms of the Metropolis, accommodating 400.

THE Committee's endeavour is "to help those who help themselves," by providing Homes in the various districts of the Metropolis for those who are earnestly striving to gain an honest living, but who are "homeless;" at the same time to afford them profitable recreation, and, above all, to surround them with Christian influences and friendly guidance at the most critical period of their lives.

It is known that fully *Eight Hundred Thousand Women* in this country have to depend upon their own exertions for their livelihood, and there are thousands of poor girls who know the bitterness of unsatisfied hunger. This work of "prevention" is so little understood or heeded, and no effort can be more effective to aid these young girls and women in the scrimmage of daily life.

Parents, think of a child of yours exposed to all the temptations of a London life !

Brothers and Sisters, think of the needs of the class for whom we plead, and help us by your *Donations* and *Annual Subscriptions*.

The annual sum now expended in Pensions alone is upwards of £6300. The total number of the Recipients of the Charity at the present time is 1051.

IN THE ASYLUM AT CAMBERWELL 43 Pensioners are provided with a home, a sufficient supply of coals, medical attendance when sick, and other comforts.

THE ASYLUM AT HORNSEY RISE accommodates 120 of the Society's Pensioners, and its arrangements are designed with a view to the comfort and convenience of the inmates. At least £500 a year are required for the maintenance of the building, keeping the grounds, and other incidentals; hence the *necessity of forming a permanent Sustentation Fund*, to meet this amount. Support for this Fund is especially solicited.

THE ROYAL LITERARY FUND.

OFFICE, 7, ADELPHI TERRACE, STRAND. W.C.

INSTITUTED IN 1790—INCORPORATED IN 1818.

PATRON.

HER MAJESTY THE QUEEN.

PRESIDENT.

THE EARL OF DERBY, D.C.L., F.R.S.

Secretary.—OCTAVIAN BLEWITT, ESQ., K.L., F.R.G.S.

THE OBJECT of this Institution is to administer assistance to Authors of published works of approved literary merit, and of important Contributions to Periodical Literature, who may be reduced to distress by unavoidable calamities, or deprived, by enfeebled faculties or declining life, of the power of literary exertion. This assistance is extended at the death of an Author to his widow and children. In the application of this liberality, the utmost caution is used, both as to the reality of the distress, and the merits of the individual. No writer can come within the views of the Society who has not published a work of intelligence and public value, or been an important contributor to Periodical Literature; and every author, without exception, is excluded whose writings are offensive to Moral or Religion, and whose personal character is not proved by satisfactory testimony to be beyond suspicion. The business of the Society is transacted by a Committee who give the most anxious consideration to the feelings of individuals. All names, and all circumstances which might lead to names, are carefully suppressed, and every precaution is taken to avoid distressing publicity. The bounty of the Institution is bestowed without regard to national or political distinctions. The amount distributed in grants to the close of 1883 was £96,792.

With these principles and purposes, this Institution appeals to every one who can appreciate the moral and religious benefits which literature confers upon Society—to the millions who are daily and hourly improved by that increase and spread of knowledge which every year augments the number of its claimants.

DONATIONS and SUBSCRIPTIONS will be thankfully received and acknowledged by the Treasurers, RIGHT HON. LORD JOHN MANNERS, G.C.B., M.P. NEWSPAPER PRESS FUND.

OFFICES: 55, STRAND, LONDON, W.C.

INSTITUTED 1864.

President.

THE RIGHT HON. LORD HOUGHTON, D.C.L.

Secretary.—JOHN BYRNE, JUN., Esq.

THE OBJECT of this Association is to raise by Subscriptions and Donations a Fund for the relief in want or distress of the whole paid class of Literary Contributors to the Press of the United Kingdom, who shall have become members of the Fund—PROPRIETORS, EDITORS, MANAGERS, SUB-EDITORS, LEADER WRITERS, REVIEWERS, FINE ART, MUSICAL, AND DRAMATIC CRITICS, COMMERCIAL WRITERS, CORRESPONDENTS AT HOME AND ABROAD, including the CORRESPONDENTS OF FOREIGN NEWSPAPERS resident in the United Kingdom, and every class of REPORTERS, being Members of the Fund—as well as to afford assistance to their Widows, Families, Parents, or other near relatives in the hour of need.

The names of the recipients of the Society's grants are not published, and all communications in the nature of Applications for Aid are held to be STRICTLY CONFIDENTIAL.

The Grants to the end of 1883 amounted to £11,103 18s. 6d.

Extract from Speech of H.R.H. THE DUKE OF CAMBRIDGE at the ANNIVERSARY FESTIVAL, 1868.

"The Press is a valuable, an important, and an essential institution. I believe no country could get on without it. On the other hand, the position which it assumes requires great prudence, great caution, great forbearance, and a great amount of talent; and the question is, how these great requirements can be best attained. There is no doubt that the best mode of strengthening a profession or a service is to give it security; and what is that but imparting the conviction that those who are connected with it will never be altogether forgotten? that those who have shown great ability, great vigour of intellect, great physical power of endurance, when the time of sickness or old age comes, may feel that they are not a burden to themselves or a cause of distress and anxiety to their friends. It is with a view of meeting this emergency, which may arise in the case of any man in any profession, that this NEWSPAPER PRESS FUND has been so judiciously, so wisely, and so properly established. It is my anxious hope and sincere belief that an institution established on so large a basis, and with such generous motives, will receive the measure of support to which it is fully and fairly entitled from all well-wishers of the country."

DONATIONS AND SUBSCRIPTIONS

Will be thankfully received by the Treasurer, HYDE CLARKE, Esq., 32, St. George's Square, S.W.; by the Bankers, Messrs. COUTTS & Co., 59, Strand, W.C., and by the Secretary, at the Offices of the Fund, 55, Strand, W.C.

FORM OF BEQUEST.

"I give and bequeath to the Trustees, for the time being, of a Benevolent Institution called THE NEWSPAPER PRESS FUND, 55, Strand, London, the sum of _____ calendar months next after my decease, out of that part of my personal estate which may by law be given with effect to charitable purposes; and to be applied towards carrying on the benevolent design of the said Institution."

UNITED LAW CLERKS' SOCIETY,

3, SERJEANTS' INN, CHANCERY LANE, W.C.

Patron.

THE RIGHT HON. THE LORD HIGH CHANCELLOR.

THIS SOCIETY was established in 1832 by a few Managing Clerks, who had long witnessed with pain the distressed condition of many of their fellow-clerks, when deprived of health, or past labour; and also the suffering often endured by their Widows and Families on their decease, for which provision was seldom made. A Fund was created by small monthly subscriptions, aided by contributions of the Legal Profession, out of which relief is afforded in sickness, pensions granted to aged and infirm members, and assistance given to the families of deceased members.

A Benevolent Fund, to which every member contributed, was also formed to assist distressed Clerks, whether members or not, their Widows and Families, with small gifts of money, not exceeding £5. Under certain necessary restrictions, this assistance is afforded to all deserving Law Clerks and their Families, whose distress is not the result of their own misconduct.

OFFICE: 10, POLAND STREET, OXFORD STREET.

FOUNDED IN 1842.

President.—MONS. A. CHAUFFOURIER.

Hon. Secretary.—MONS. L. H. LEFÈVRE.

THE OBJECTS of this Charitable Institution are—

1. To distribute money and bread to poor French people residing in this country, or passing through it, and prevent their being driven to the lamentable extremity of begging.
2. To grant Annual Pensions to very old people who have resided in England for so many years that they have lost all friends in their own country.
3. When there is a necessity, to pay a sum to procure them admittance to an Asylum for the remainder of their lives.
4. To provide the services of an experienced Midwife when they are required.
5. To send applicants gratuitously to France, when it is clearly proved that they cannot earn their living in this country.

The Office is open every day from Four to Six o'clock to receive applications for relief and attend to urgent cases. The Committee meet every Thursday evening, at Eight, to grant permanent assistance, free passages to France, &c.

DONATIONS and SUBSCRIPTIONS are earnestly solicited, as this Society could act more efficiently if better supported.

THE WORK OF THIS SOCIETY extends to all parts of London, where misery and destitution indicate the need of its assistance. In the centres of poverty its unpretending Dining-rooms, with their tin dishes and Smoking Irish Stew, week after week, month after month, afford good meat dinners to thousands of poor children attending schools, whose bodies are wasted and whose intellects have become blunted through neglect and hunger.

The Society has Fifty Dining-rooms opened, costing for Dinners about £300 per month.

The Committee desire to express their deep feeling of gratitude to their Almighty Father for the success which has attended their efforts to relieve in some slight degree the misery caused to destitute children by the want of good nourishing food, and to remind their Subscribers and the Public that He who took such special care to show His love for children said, "Inasmuch as ye have done it unto one of the least of these My brethren ye have done it unto Me."

FUNDS ARE URGENTLY SOLICITED to carry on and extend this truly benevolent work, so much needed, especially by the poor hungry children *attending Ragged, Board, and other Schools in all parts of London*. The Committee therefore earnestly appeal for the generous aid of a Christian people. Each one can contribute according to his or her means.

SUBSCRIPTIONS AND DONATIONS will be most thankfully received by the Bankers, by the Treasurers, or by the Secretary.

COTTAGE HOMES FOR HOMELESS BOYS, Farningham.

THE COTTAGE HOMES AT FARNINGHAM are for Little Boys under 10 years old, who are either Homeless and Destitute, or in danger of falling into crime.

Three hundred and twenty such Little Ones are placed in families of 32 each, with a Father and Mother to take care of them. They are fed, clothed, and educated; above all, they are taught the Word of God, and pointed to the Saviour.

They are trained to be industrious, by being employed in tailoring, shoe-making, carpentering, upholstering, printing, breadmaking, painting, gardening and farming.

They are then sent out into the world, and situations found for them, where they are looked after as "Old Boys."

Boys are either admitted on payment by benevolent persons of 6s. a week, or free by Election of the Subscribers.

HOMES FOR ORPHAN BOYS, Swanley.

THE HOMES FOR ORPHANS are designed for those who have lost their fathers, and whose mothers need to go out into the world to earn their living. They do what they can towards the support of their own boys, and friends who have known them in better days help them. Every boy admitted to the Orphanage is paid for at the rate of £20 per annum, for which they are fed, clothed, educated, and entirely maintained throughout the year, and many benevolent people are glad in this way to support an Orphan boy.

Many of the Boys passed through the Homes have gone forth into the world to occupy useful and honourable positions in all parts of the kingdom and abroad.

These HOMES being *entirely supported by Voluntary Gifts*, the Committee most earnestly appeal for help, in ANNUAL SUBSCRIPTIONS, DONATIONS, and LEGACIES, to enable them to carry on their work on behalf of these Little Ones.

IN URGENT NEED OF FUNDS.

THE COMMITTEE of this truly excellent Charity earnestly plead for increase of funds to maintain the fatherless orphan girls, of whom there are now over a hundred under its care.

The Orphanage receives fatherless girls from all parts of the United Kingdom; maintains, clothes, and gives them a plain education; and trains them to obtain, as soon as of sufficient age, their own living as domestic servants, or in such other respectable avocation as they may be fitted for.

The Committee are, moreover, greatly concerned that, though the Building is capable of receiving another 40 of these poor orphans, they are obliged to refuse painfully pressing demands for admission.

DONATIONS, especially ANNUAL SUBSCRIPTIONS, are earnestly solicited, and will be gratefully received by Messrs. HERRIES & Co., Bankers, 16, St. James's Street; by the Treasurer; and by the Secretary, at the Offices, 6, West Strand, W.C., where all communications should be addressed.

To Give a HOME or a PENSION to the MERCHANT SAILOR

At each Election *only* 20 Candidates, all qualified by age, sea service, and distress, can be elected; 80 having to continue their canvass, some returning to a desolate home, others, destitute of money and friends, and too old for work, seeking refuge in that dreaded resort, *the Workhouse*.

The Home is capable of receiving 100 more Inmates, and the Out-Pension List is limited by want of Funds alone.

Donations and Subscriptions *are urgently needed*, and will be gratefully received.
